LIQUOR PLANK EXPECTED TO BE PRESENTED TO DEMOCRATS

Klan Question May Be Kept Off Of The Floor

NEW YORK, June 18.—In the interest of party harmony democratic leaders are making a quiet but determined effort to keep the Klan question and wet and dry issue from breaking out on the convention floor. Indications are that they may be successful in the first, but the liquor question is almost certain to come up for debate. It is understood that forces most vigorous are advocates of a strong anti-klan plank. Reports that large delegations of Klansmen, headed by Imperial Wizard Evans, are due here the latter part of the week, only served to increase the difficulties of leaders to keep the subject under cover.

HOUSTON LAD IS SUFFERING FROM PECULIAR MAL'DY

HOUSTON, Tex., June 18.—For thirty-three days, Manuel Middleton, 12 year old Houston lad, has been lying in a state of coma, kept alive by food that is forced between his lips. Physicians attending him diagnose the case as cerebral spinal fever. His case, they say, is almost without a parallel, as persons so afflicted usually die within a week. He is showing remarkable resistance and his stamina may yet win out over the malady.

Manuel fell ill on April 10. A physician pronounced the case meningitis. Delirious at times and subject to convulsions, Manuel suffered until May 17. That day, after eight hard convulsions, he lapsed into the coma that still grips him.

GRAY SAYS AGAIN HE IS INNOCENT; CASE IS AFFIRMED

AUSTIN, Texas, June 18.—The Court of Criminal Appeals affirmed the judgement of the death sentence on Clem Gray, convicted of the murder of Otis Ballard at Mt. Pleasant.

Dallas, Texas, June 18.—"I am glad they did something," said Clem Gray in his cell here when informed of the court action at Austin. "If they execute me I'll die for something I did not do."

BLAKE SMITH URGES IMPROVEMENT OF PARK; SUBSCRIBES TO THE FUND

Many citizens of Mexia have commended The News for its movement to raise funds for the erection of an electrically lighted arch entrance to Hughes Park, with suitable inscriptions on the posts and W. K. Boyd, President of the Company, has been receiving subscriptions to the fund.

Blake Smith, in stating that he would give \$50. to such a worthy cause, says: "I wish to congratulate J. K. Hughes on the foresight and devotion to this community which prompted him to donate a twelve acre park site to Mexia. Such an unselfish service and generous act should arouse every one of the other 10,122 citizens (the last census gave Mexia 10,123) to contribute something worthy to the development of the park into a recreational center that will become famed far and wide and which will attract hundreds of visitors here each week. Also, I wish to applaud The Mexia Daily News in its effort to arouse interest in the improvement of this park and to raise a fund to provide an entrance in keeping with the prospective beauty of the grounds. I visited the park recently, just after the playground equipment, contributed

BRYAN SAYS THERE WILL BE NO WET PLANK OR FIGHT

BATTLE CREEK, Mich., June 18.—The democratic platform will likely be so liberal as to make the candidacy of Senator LaFollette unnecessary, William J. Bryan declared. Mr. Bryan, who will be a member of the resolutions committee, said the campaign will be fought over economic issues. He said there would be no fight over prohibition, and there would not be a wet plank in the platform "under any circumstances."

KIDNAPED CHILD BACK HOME AGAIN

DETROIT, Mich., June 18.—Seven year old Gina Corsi, kidnaped a week ago, Monday, was back home today.

Detective Inspector Bert McPherson rescued the girl from kidnapers late last night after pursuing their automobile and forcing them to surrender the child.

Gina was thrown out of the machine and as a police car stopped to pick her up the three men kidnapers' machine sped away and escaped. The girl was unharmed.

McPherson promised yesterday he would recover the child that night or quit.

Meanwhile a relentless search goes on for the three kidnapers. Two suspects are held and McPherson, who is head of the Italian squad, is hoping to have all three behind the bars tonight.

The last letter received from the kidnapers by the father, Edward A. Corsi, candy store owner, was a threat to kill the child and leave her head on Corsi's doorstep unless he dropped \$1,000 from a taxicab at a spot named by the kidnapers.

McPherson and his men, however, following a "hot tip" went twelve miles west of the city on Michigan road and waited.

A touring car speeding toward Detroit was sighted and the police auto started in pursuit. When the officers began firing, the fleeing machine slowed up and Gina was tossed out.

The hiding place where the kidnapers concealed the girl was a farm west of here, according to police. She had been threatened with death several times, but came back home uninjured.

WHISKEY SEIZED
GALVESTON, Texas, June 18.—A bootleggers rendezvous on the island across from San Luis Pass was raided by coast guard and custom officers and 225 cases of Scotch whiskey were seized. The rum runners fled from the island before the officers arrived.

BELGIAN FLIER WINS GORDON BENNET CUP CONTEST

BRUSSELS, June 18.—The Belgian Balloon Pilot De Muyter was officially declared winner of this year's Gordon Bennett cup race today. He achieves success in this event for the third successive season and becomes permanent owner of the trophy.

De Muyter, piloting the Belgica, landed at Saint Abb's Head, in Berwickshire.

Previous reports that he had landed near Brighton apparently were unfounded.

De Muyter traveled the greatest distance from Brussels, where the race started Sunday. The Frenchman Laporte was second.

All the contestants now have landed.

De Muyter's distance was announced as 700 kilometers and his flight time 43½ hours.

The Frenchman Laporte was given second place, with a flight of approximately 320 kilometers.

There were three American entries and none figured in the money. W. G. Van Orman, piloting the Goodyear, landed at Amsterdam, while Captain H. E. Moneywell, in the Uncle Sam, came down on the French coast and Major Peck in the S-14, landed in Belgium.

KEELING TO CARRY CASE TO U. S. COURT

AUSTIN, Texas, June 18.—Attorney General Keeling has decided to file suit in the Federal District Court at New Orleans on behalf of the State against the United States and New Orleans, Texas and Mexico Railway and the International and Great Northern Railway to nullify the order of the Interstate Commerce Commission approving the merger of the two roads. He will also ask for an injunction to restrain the purchase of stock of the I. & G. N. by other railroads. The grounds for the suit are that the merger is in violation of the State Constitution prohibiting the consolidation of parallel or competing lines.

U. S. Woman Tennis Star Defends Title

WIMBLEDON, Eng., June 18.—"I will defend my title in singles play at Wimbledon," Mme. Suzanne Lenglen, woman champion tennis player of the world, declared today upon her arrival here to watch the American and British women in action in the Wightman cup matches. Thus the long anticipated meeting between Mme. Lenglen and Helen Wills appears once more likely. As for the little American girl, the brisk Suzanne had this to say: "Helen Wills? Why, yes, I hear she is a lovely girl. A little slow footed, of course, but with a few good strokes."

The weather today was cool and cloudy for the Wightman cup contests.

"The courts are the fastest I ever saw," Mrs. Wightman, captain of the American team, said before the matches.

Helen Wills was honored by being assigned to play in the first match against Miss Covell. Mollie Mallory plays Miss McKane while Miss Goss and Mrs. Jessup play Miss Covell and Mrs. Barron in the doubles.

SPEEDER LEAVES TOWN

NEW YORK.—Ernest Laubinger, of Oakland, Cal., has mailed the traffic card a \$25 fine with the note, "I've kissed New York good bye, the traffic cops are too rough." He was found guilty of driving 28 miles an hour.

CERF NUMBER 5 IS THOUSAND BARRELER

The Cerf No. 5 of the E. L. Smith Oil Company is today making approximately 1,000 barrels of pure pipe line oil. This is one of the best wells to be completed at Powell in recent weeks. The Mexia Company now has five producing wells on this tract.

TEXAS PROFESSIONAL GOLF CHAMPION TO PLAY GAMES FRIDAY AT COUNTRY CLUB

Harry Cooper, Texas professional golf champion, who won his title for the second time at the Cedar Crest tournament at Dallas last week will play two exhibition games over the Mexia Country clubs course here Friday.

Mr. Cooper and his manager will arrive on the ten o'clock train from Dallas and the first exhibition will be given as soon as he can get ready and get to the course—presumably about 10:30 a. m.

Besides playing the course Mr. Cooper will give an exhibition of trick shots and a short and instructive talk illustrative of the finer points of the game. This talk will be of great value to beginners, stated Mr. Watkins, Mr. Cooper's manager to L. S. Patterson, who arranged for the game.

In the afternoon another exhibition will be given and it is safe to say that lovers of the game will be more than repaid for the time they spend on the course Friday.

EVANGELISTIC SERVICES TO BEGIN HERE TONIGHT

Rev. L. D. Young, of Dallas, arrived in town today to begin the evangelistic services, which continue for ten days, at the Central Presbyterian church tonight. Mr. Croxton expressed himself as delighted with the rehearsal of the choir last night and stated that there was still an opening for several more singers. The great rousing hymns of the church are to be used. Miss Elise Gibson and Mrs. J. Rex Forrest will act as pianists during the meeting.

A children's choir will be organized. All children are urged to come to night and sing. A special meeting of the children's choir will be held Friday, 3:30 p. m. at the church.

Rev. Young is being entertained at the home of Mrs. Allen L. Hatch. Mr. Croxton is making his headquarters at the Hardleson Hotel.

"HUMAN FLY" INJURED

COLUMBIA, Mo., June 18.—L. D. Bartlett, "human fly" of Atlanta, Ga., was seriously injured here last night when he fell five stories from a building he was attempting to scale. Both legs and both arms were broken. Two other performers, Walter Allen of Beaumont, Texas, and Wiley Paragon, of San Antonio, accompanied Bartlett.

PLACES ARE DETERMINED ON BALLOT WHEN COUNTY EXECUTIVE COMMITTEE MEETS

SMUTS DEFEAT CONCEDED

LONDON, June 18.—Newspapers generally concede the defeat of General Smuts and the government party in the South African elections, and see the possibility of a serious situation for the empire. A labor-nationalist government will probably be formed.

TEXAS FARMER SLAIN

GROVETON, Texas, June 18.—Sheriff Davis is heading officers in a search for a man who shot down a young farmer named Hill in a field near here Tuesday. No trace was found this morning and the cause of the shooting is not known.

THE WEATHER

East Texas—Tonight and Thursday generally fair and continued warm.

West Texas—Tonight and Thursday generally fair; cooler in Panhandle.

MINISTER FOUND GUILTY OF ASSAULT TO KILL

MEXICO, Mo.—A jury found Rev. Asa Q. Burns, Baptist minister, guilty of assault with intent to kill Howard D. Conger, a salesman of Lincoln, Neb. The minister was sentenced to two years in prison.

Rev. Burns accused Conger of making improper advances to Mrs. Burns. On the witness stand the pastor testified he shot in self-defense after Conger leaped at him. Mrs. Burns said Conger jumped at the pastor after the shot had been fired.

The shooting took place on the streets of Mexico, March 1.

PAWN SHOP ROBBED

KANSAS CITY, Mo.—"I want a Jew's harp," a customer told Noah Schachter, pawn shop proprietor. As Noah was searching the show cases, the stranger robbed his till of \$200.

WOMAN CAPTURES BOOTLEGER

NEW YORK.—A young woman dragging William Trumm by the collar turned her prisoner over to a crossing patrolman saying, "He is mamma's bootlegger." The girl said she was Gertrude McInerney of Mt. Vernon.

Don't take chances, look after your kidneys if your back is lame, if rheumatism bothers you, you feel nervous, irritable and worn out. Thousands die every day who ought not to die and kidneys soaked with accumulated poison kills many. If you suspect you have kidney troubles the best medicine you can get is none too good. For 75 cents you can get a 6 ounce bottle of Dr. Carey's Marshroot Prescription and start to drive the impurities from your kidneys this very week. Anderson & Horn guarantees it to help you or money back—so do all good druggists everywhere.—(Adv.)

J. W. Elliott has returned from Europe where he spent several days recently with his brother, who is manager for the Texas Company there. Mrs. Elliott is spending the summer in Atlanta, Ga. Mr. Elliott states that Europe is in much more prosperous condition than it was two years ago. He also visited the new dam at China and declares it to be one of the big engineering feats of the state. It was built at a cost of a million dollars and will take twenty-five years to fill up.

Some of them can be reached by automobile, others by trail riding. The new Order will prepare and publish a series of maps and illustrations of existing trails and the country to which they give access, thus putting helpful information within reach of a public that has long been waiting for a publication of this kind. This can be made possible by the Trail Riders of the Canadian Rockies.

It tells a story old in theme, simple and direct, but in such a manner as to make it possibly the one "big" outstanding picture production of present season. Mr. Griffith has forsaken mole and huge ensembles for direct and careful characterization in this new screen offering and has succeeded to such a degree that experts predict he again has shown the way for better

Griffith journeyed with his company to the famous Mayou Terle country of western Louisiana for his scenes and they are recognized as the most strikingly charming yet shown on any screen.

Mae Marsh, after a long absence from the screen, returns with the most notable effort of her remarkable career. Her characterization of the orphan girl will long stand as one of the great things in the way of screen acting. Ivor Novello, a handsomely

popular in several previous Griffith successes, essays the part of a girl of high Southern family and as only one of her distinguished refinement and intelligence might. Critical reviewers declare it the finest thing she has yet done. Neil Hamilton, a newcomer to the screen, is now heralded as a "Griffith find" as a result of his characterization of the lowly grocery boy who makes a name for himself. Porter Strong and Lucille La Verne, without equals in the portrayal of delightful negro types, are happily cast as the dusky lovers and afford no end of amusement for the audiences everywhere in the cast of principals are

"It's a disgrace to let roaches and water-bugs stay around a kitchen, or anywhere else for that matter, when Fly-Flu is so easy to get. It took me just five minutes to kill all insects around the place—and if any more come they will get it, too. Besides, Fly-Flu is a deodorant and keeps everything it touches sanitary."

Fly-Flu is deadly destruction to every insect or bug. Spray Fly-Flu around the premises—it kills them all. Flies, roaches, water-bugs, ants, bees, mosquitoes and bugs and lice that infest flowers

and plants all fall quick victims to the effects of Fly-Flu.

Yet Fly-Flu is absolutely harmless to humans—cannot stain or leave unpleasant odor—and it will not injure vegetation. Substitutes can't and won't do the work, but genuine Fly-Flu cannot fail if you use it according to directions.

A large bottle of Fly-Flu only costs 50c with the handy sprayer free. Get it from your druggist, grocer or general store. Be sure it's Fly-Flu.

Express Company's Growth Romance of Modern Commerce

AN OLD PASS
MONTREAL, P. Q.—Forty-two years ago the Dominion Express Company carried its first package. Last year the company moved 15,774,445 pieces of express, weighing 600,000,000 pounds, according to a bulletin just issued.

VANCOUVER TERMINAL, 1920—THE ONE WAGON OF DOMINION EXPRESS IS SHOWN AT PLATFORM
commerce. In 1882 the company had eleven offices all in Manitoba, nine employees and one horse and a second-hand wagon. The gross receipts that year were only \$1,037. "Today the activities of the company, which is owned and operated by the Canadian Pacific Railway, extend not only from the Atlantic to the Pacific, but into England, Europe and the Orient. The one horse and wagon have expanded into 1,117 vehicles, including fifty-two automobiles. The company began with a mileage of 445. Today it operates 17,009 land miles and 14,181 ocean miles, a total of 31,190 miles. "When the Dominion Express Company branched out into the money order business in 1895 it sold 77,914 money orders. In 1923 it issued 2,628,682 such orders and \$38,000,000 worth of travelers' checks. "One of its unique functions has been the development of the British Columbia fruit industry. This was a novel feature in early days and new settlers pouring into the rich agricultural areas of the West were a little skeptical. But by 1898 the movement of fruit began to show signs of success and the business produced an express revenue of \$15,919. Last year the company moved 600,000 packages of fruit, weighing over 15,000,000 pounds, with a corresponding increase in revenue."

SPORTS

NEW YORK.—With the present Madison Square Garden about to be torn down to give way to a new skyscraper, Tex Rickard has announced purchase of property for a new \$3,000,000 garden, within six blocks of Times Square. The new arena will have a seating capacity of 25,000.

NEW YORK.—A triumph for western rowing men and methods was registered on the Hudson at Poughkeepsie Tuesday when Washington University's magnificent varsity crew rowed to easy victory in the three-mile race, with Wisconsin taking second place ahead of four Eastern crews. No one was surprised by Washington's easy win in 15:02, but the showing of Wisconsin upset rowing dope. The two Western crews cheered and congratulated each other almost before their rivals had reached the finish. Penn's junior varsity and freshmen eight won their events.

WATCHING THE SCOREBOARD

Yesterday's hero—Babe Ruth, who besides batting out his sixteenth home run, won a game for the Yankees by scoring from second on an infield out.

The Pirates and Braves broke even in a holiday double-header, Pittsburgh taking the first, 5 to 2 and losing the second, 1 to 0.

Detroit won its third straight victory over Boston and went into second place by a score of 7 to 4.

Heavy hitting and superior base running accounted for the Yanks' win over Cleveland after the Indians had started with a five-run advantage, New York finally won, 7 to 5.

The Cubs could only touch Couch for four singles but made them count and beat the Phils, 6 to 5.

Snyder singled with the bases full in the fifth and the Giants won from St. Louis, 5 to 3.

Tiny Osborne kept his Indian sign on the Cincinnati Reds and the Dodgers got to Benton in the first six innings, winning 5 to 4.

The Senators made fifteen hits off four White Sox pitchers and won, 12 to 6.

With Ruth at Bat First Inning—Singled.

Fourth Inning—Hit sixteenth homer Fifth Inning—Walked. Seventh Inning—Walked. Ninth Inning—Grounded to first.

FIGHTERS.

BUENOS AIRES.—Juan Houmes, Tex Rickard's representative here, has called off all negotiations with Luis Firpo pertaining to the South American boxer's appearance in the United States. Firpo demanded \$10,000 cash, paid here in advance, the privilege of naming the referee, and made other demands which could not be granted. Houmes made reservations on the Southern Cross which sails for the United States tomorrow.

YOUNGSTOWN, Ohio.—Midget Mike O'Dowd, Columbus bantamweight, knocked out Eddie Bowen, Sharon, Pa., in the ninth round of a scheduled 12-round bout.

Don't forget that an honest man never has to proclaim the fact.

"For Mexia, I WILL"

A FIGHT AND A FUNERAL

For months and months certain leading democrats, pen pushers and politicians, have been predicting a deadlock at the Madison Square Garden next week, with the McAdoo and Smith forces fighting for first place. Many are hopeful now for the man referred to so often as "the Crown Prince" at the 1920 convention in the city by the Golden Gate, although they did not see a glimmer of hope for him when the flowers of Springtime first began to bloom.

The "40 Texans" who attended the 1920 convention discovered that there are 47 other states in the Union, besides several islands that have voting powers. They attracted considerable attention then fighting for McAdoo who lost. They are going to attract more attention this time, for they are going into the Lion's den to vote for McAdoo again and also to try to win a victory for the majority rule. Heretofore the two thirds rule has obtained. This will be an interesting battle, for it will result early in the forces against McAdoo combining to defeat the majority rule, in case it reaches the floor of the Garden.

William Jennings Bryan, "The Greatest Roman of Them All," stalwart and powerful gladiator of many a Democratic convention arena, will also be in the spotlight. He favors the majority rule, provided the unit rule is broken.

Mr. Bryan is today the most remarkable Democrat in America. He was debating Burk Cockran, now deceased, long before some of the delegates to the convention this year were born, but he is as powerful on the convention floor today as ever before. Although he has been a resident of Florida only since the oil boom began in Mexia, he overwhelmed the bosses of that state and broke their slate of delegates. He is to be Florida's spokesman this year on the platform committee.

Any attempt to write a wet plank or run a wet candidate for President will bring Mr. Bryan to the front of the stage. At most all other times, he will stay in the background. He always comes to the defense of his country and his party, however, when the anti's threaten to man the ship of state. No more inspiring sight can be had on any convention floor than to see William Jennings Bryan in action against the domination of the liquor traffic. It will be worth traveling around the world to hear and see him this time when the galleries are packed by Tammany henchmen, ready to howl down and jeer when anyone rises to defend the Eighteenth amendment or to oppose Roman Catholic Al (Alcohol) G. Smith for President.

The chances are that the galleries will be largely for booze and Smith. They have no power to vote but do have a right to applaud and they know that applause sometimes can sway a convention. But this time, the delegates will be on their guard. They know what to expect and will close their ears to the galleries and just hear the voice of the folks back home.

The Democratic convention in Madison Square Garden is going to be a fight and a funeral. It will be a contest between Giants of the party, a clash of one plank against another plank; the political death of some Presidential aspirants and the destruction of some party platform material.

THE VOTERS MUST PROBE SOME, TOO.

The character of a candidate for public office is revealed not so much in the candidate himself as in those who support his candidacy. Often the remark is heard that "If you will tell me who is for Mr. So and So, I will tell you how I am going to vote." And it's a pretty good rule. If the public takes time to find out whom the notoriously lawless element is supporting, then a pretty good idea of the kind of a man he is may be gained. If the public takes time to find out how the bootlegger and friends of bootleggers are going to vote and then vote for the other fellow, they will in the majority of instances poll a purer ballot. In Limestone county today, as well as throughout these United States, the voters must do some investigating for themselves, in securing that information needed for them to cast a wise and righteous ballot. Just as the endorsement of the best people of a community can be depended upon to reveal the best man for the place, the endorsement of the lawless element, wherever it may be, is a condemnation of the other man. Good men and bad men; good women and bad women; upright, intelligent, god-fearing and law-abiding citizens and those of the opposite character seldom, as a whole, vote for the same man or the same measures. Let Limestone county citizens meet the test before the arrival of the approaching primaries.

All of the probing should not be left to Senatorial Committees and Congressional bodies. Each voter should constitute himself as a committee of one to probe a little for the country's sake.

WE ASK YOU

If you don't feel just right,
If you can't sleep at night,
If you moan and sigh,
If your throat is dry,
If you can't smoke or drink,

If your grub tastes like ink.
If your heart doesn't beat,
If you've got cold feet,
If your head's in a swirl—
Why don't you marry the girls?—

I don't feel just right,
I can't sleep at night,
I moan and I sigh,
My throat is dry,

My grub tastes like ink,
My heart doesn't beat,
There is cold in my feet,
My head's in a swirl—
I'm married to the girl.—F. H. L.

Loss of memory is more embarrassing on certain occasions than at other times, says E. W. Hoch in the Marion Record. For instance, a prospective bridegroom appeared at the Marion County probate judge's office recently and requested that dignitary to issue him a marriage license. The obliging judge got out the customary blank and with pen in hand asked, "Names?"

EX-SHERIFF ANDERSON GIVES TANLAC CREDIT

Man Who Held Public Office Over 27 Years Says Medicine Restored His Health And Strength 5 Years Ago And Has Helped Him Keep Well.

"I said a lot in praise of Tanlac some six years ago, but not half enough, in view of what it did for me," is the high tribute paid the famous medicine, a few days ago, by Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who resides at 1505 Austin St., Houston. Mr. Anderson is unquestionably one of the best known and most popular men that ever held public office in the "Lone Star" state. After serving as deputy sheriff of Harris county for 12 years, Mr. Anderson was elected chief of police of the City of Houston. He had occupied this office but a short time when the sheriff of Harris county died and Mr. Anderson was then appointed by the Commissioner's Court to serve out the unexpired term of sheriff. He was honored with reelection as sheriff seven different times and served the people in this important office 15 consecutive years. In 1912 Mr. Anderson declined re-

election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this city. Speaking further of his experience with Tanlac, Mr. Anderson said:

"Before taking Tanlac I was all run-down and had no appetite. I had the worst form of indigestion and could not eat fried foods or pastries at all. I suffered all the worst sort of neuralgic pains and nothing seemed to help me only in a temporary way, until I took Tanlac.

"Then I read the statement of a Georgia sheriff, who had been relieved of troubles like mine. I just felt like I couldn't go wrong by taking Tanlac, and it has done even more for me than I expected. I felt better after the first bottle and the complete treatment of six bottles made a new and different man of me. I never felt better in my life than I did after taking Tanlac. And although five years have passed since Tanlac straightened me up, my health has continued good and my stomach as sound as a dollar to this good day. I am glad to endorse Tanlac because it does the work and does it well."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.—(Adv.)

UNSINKABLE SHIP A MYTH, SAYS NOTED BRITON

LONDON (By mail to United Press.)—"The unsinkable ship is a myth," said Sir Alan Anderson, presiding over the international conference of world shipping interests in London. "It is not only a myth, it is a dangerous myth, if it induces false confidence. A modern ship, properly handled, does not sink unless she hits something

harder than water; but if she charges another ship, or rock, or iceberg, she will sink in spite of bulkheads, load-line and deck cargo regulations, and the lives of all on board will be in peril in spite of lifeboats, rafts and boats.

"The one absolute safeguard at sea is a vigilant master. Bulkheads, and other precautions may and will mitigate disaster, but they are more likely to prove useful if they are wisely, and not extravagantly, framed."

American Engineers Are Now In Session

PASADENA, June 18 (United Press).—The engineers are in town, to ponder the problems and enjoy the diversions of their fifty-fourth annual convention of the American Society of Civil Engineers, which opened here today and will end June 21.

About seven hundred delegates and guests from all parts of the country were present at Hotel Maryland this morning, when Franklin Thomas, president of the Los Angeles section, called the first session to order. Hiram W. Wadsworth, chairman of the Pasadena board of city directors, delivered the address of welcome.

President C. E. Grunsky of the Society responded to the greeting and then delivered his annual address. His speech, while it was addressed to a technical assembly, was universal in scope. It dealt with the engineer and his problems and his responsibility to the community and nation.

One of the notable programs of the convention will take place tomorrow. It will be devoted to the important Colorado River problem in a formal paper to be presented by Col. William Kelly, Engineer Corps, U. S. A., and chief engineer of the Federal Power Commission.

A discussion of that important issue will be opened by E. C. LaRue, hydraulic engineer of the United States Geological Survey. He will also show moving pictures made by him during his recent trip down the Colorado River.

The Sanitary engineering division will hold its first session to hear a paper by Robert V. Orbison, city manager of South Pasadena. An important paper on the sanitation of the Los Angeles metropolitan district will be read by Willis T. Knowlton, engineer of sewers for Los Angeles, to be followed by a discussion participated in by George T. Hammond of Brooklyn, N. Y.; C. G. Hyde, professor of sanitary engineering at the University of California, and W. W. Hoerner, chief engineer of sewer and drainage, St. Louis.

Royal W. Sorenson, professor of electrical engineering, California Institute of Technology, will present a paper before the Power Division Relation to Power Transmission, and its discussion will be opened by Harold Michener, transmission engineer of the Southern California Edison Company.

The third simultaneous technical session for tomorrow afternoon at 2 o'clock is that of the Highway Division. The other two sections to meet are the City Planning Division, with George A. Damon, consulting engineer and city planner, reading a paper on "The Influence of the Automobile on Regional Transportation Planning," and the Irrigation Division.

Following these technical meetings, the engineers and their guests will visit the Thomas H. Ince Studio at Culver City. The guests will be entertained by motion stars and will view the process of making motion pictures.

On Friday, the Steamer Avalon

will take the delegates to Catalina Island, where luncheon will be served at the Saint Catherine Hotel. A buffet dinner after the return will be served at the California Yacht Club in Los Angeles Harbor.

The Tri-City Sewage Disposal plant and farm will be inspected Saturday morning and then will follow a trip to Hyperion, the site of the Los Angeles outfall sewer screening plant. An alternative program for Saturday is a trip to San Diego with luncheon at San Juan Capistrano. The United States Naval establishment at San Diego and the San Diego water supply system will be visited on Sunday.

Paid Fine And Gave Boy Odium

FORT WORTH, June 18.—An old man appeared before Judge Cullen Bailey in police court here today to plead that the case against his son charging him with parking longer than the limit, be dismissed.

"It isn't the fine I want to avoid, your honor," he explained. "It's the odium attached to paying a fine I don't like."

"One dollar and costs," said the judge, "and give the boy the odium."

WHO WILL MANAGE COOLIDGE CAMPAIGN?

WASHINGTON, June 17.—President Coolidge authorized a statement that the conduct of his campaign will be handled by the national committee. He made it known that he hopes there be no misinterpretation of the statement of his secretary, C. Bascom Sloop, that Sloop will be on the advisory committee, which Sloop said would have the "real management" of the campaign.

Advertising intelligently done, backed up by delivering the goods, will build a healthy business for you.

DON'T EXPERIMENT WITH "PIMPLE CURES"

Do you think so little of your delicate skin and face as to allow yourself to become the subject for experiments. By all means use only the thing which has stood the test of time and public opinion to get rid of your pimples, blotches, bumps, "breaking out," eczema, etc. Black and White Ointment, and Soap have not only stood this test, but you are sure of it—when you know that they are selling at the tremendous rate of more than two million packages a year.

The way they are economically priced, in liberal packages, has helped to make them so popular along with their dependability. The 50c size Ointment contains three times as much as the 25c size. All dealers have both Black and White Ointment and Black and White Soap, as they are called.—(Adv.)

Co-Op. Students Supply Store Declares Dividend

AUSTIN, Texas, June 18.—Approximately \$3,000 in dividends was paid to the long term students by the University of Texas Co-Op, a student supply store, according to E. C. Rather, manager. There were 985 members, making the average rebate paid to each student amount to \$3.

Paying a six per cent dividend on the total amount purchased by each student, the largest that has ever been paid by the Co-Op, the store has had one of the most profitable years since it was established. Mr. Rather said. The increase in business of the store was due to the desire of the Co-Op to be of assistance to the student body in every campus enterprise, and supply the students with books at the lowest price.

In addition to the large amount of money returned to the students in rebates, the Co-Op every year gives gold fountain pens to athletics, sweaters to the yell leaders, loving cups to athletics, and many other gifts.

Five Out of Seven Balloons Are Down

BRUSSELS, June 17.—Five of the seventeen balloons which took off from Solsboch Plain in the Gordon Bennett cup race Sunday were reported down today. One of the American entries, the Uncle Sam, piloted by the veteran Captain E. H. Honeywell, landed near Rouen, France, some 290 kilometers from the starting point.

At an early hour the American entry Goodyear was believed to be still safely in flight.

Other balloons down included the Italian Ciampino V, which came to earth near Havre, 300 kilometers away; the British Banshee, which landed at Aubgue in the Meurthe Et Moselle department, likewise about 300 kilometers distant and the British Margaret, was landed two kilometers from Dieppe.

The Belgian balloon Belgica, piloted by Demuyter, landed at 3 a. m. today at a farm ten miles from Brighton, England.

University Summer School Of Benefit To Rural Children

AUSTIN, Texas, June 18.—Since nearly three-fourths of the children and young people of school age in Texas are living in rural communities, opportunities for additional training to rural teachers is being offered during the first six weeks of the University of Texas summer school. Two courses in rural education are offered, one intended particularly for teachers and dealing with specific problems of classroom organization, and the other intended for superintendents and dealing with problems arising in the administration of schools in rural villages, or small town communities. Both courses are in charge of Prof. J. L. Tennant, research specialist in rural education, of the University Bureau of Extension.

YOUNG AND CROXTON

ENGLISH GIRL, 13, IS TENNIS PRODIGY

(By International News Service)
LONDON, June 18.—England's newest tennis prodigy is Betty Nutt.

And Betty is a real prodigy, for she is only thirteen years old, yet her game is good enough to earn her the respect of such capable and experienced players as Molla Mallory, Miss Elizabeth Ryan, and other veterans who have been in the limelight of the tennis world for years. Mrs. Mallory has called her a "wonderful little player."

In the recent Middlesex championships played on the courts at Chiswick, Betty fought her way through the first two rounds and in the third round, found herself facing the redoubtable Molla, who was a star on the courts before Betty was born. Mrs. Mallory took the first set, 6 to 1, while Betty was getting warmed up, but in the second set Betty was going great guns, and she gave Molla a battle that had the spectators cheering and acting roughly with their hats. She carried the game to six all, but could not stand the pace, and Mrs. Mallory won, 8 to 6.

Betty is a sturdily built girl, with golden hair that hangs down her back, and she admits that she "loves to play the game" and enjoys "playing before a crowd."

English tennis enthusiasts expect that Betty will develop into a British Helen Wills or a French Suzanne Lenglen and confidently predict she will be winning world's championships by the time she is twenty. Her mother, however, insists that tennis is not going to be allowed to interfere with her education.

Miss Helen Wills American Tennis Champion Is Fit

By HENRY L. PERELL
(United Press Staff Correspondent)

LONDON, June 17.—Her blush hidden beneath the brownest of sun burns, Helen Wills, American woman tennis champion, was fit and ready for the fight of her life today as she and her companions on the American got in some final practice licks for the Wightman cup matches which start at Wimbledon tomorrow.

The entire American team, which includes Molla Mallory, Miss Eleanor Goss, Mrs. Wightman and Mrs. Marion Z. Jessup, is in the finest of physical condition although our women were hampered by poor weather recently from getting all the training they would have liked.

Suzanne Lenglen is due to arrive tomorrow to take a look at Miss Wills' play in the Wightman cup matches. The French girl is scheduled to play several exhibition matches but has not yet promised to defend her singles title at Wimbledon.

Lenglen will play in the doubles but not in the singles, it is believed, unless she feels she can defeat Miss Wills.

Denton Lady Has Rare Collection Of Old Heirlooms

DENTON, Texas, June 18.—Quaint old pieces of crockery more than 100 years old, bits of jewelry worn by women of past generations, books, letters, and other relics of bygone days are owned by Mrs. O. P. Taylor of Denton. Mrs. Taylor is 90 years old.

Unique among the collections are the delicately wrought breastpins worn by Mrs. Taylor's grandmother and made entirely of human hair, except for the metal holder and the bit of glass which frames the tiny braids taken from the heads of her grandmother's children.

JEFFRIES PITCHES GUSHERS TO WIN OVER INDIANS 2 TO 1

Red Skin Hurler Pitches Well But Wild at Times

The Indians lost the opening game of the series to the Mexia Gushers at Waco Tuesday afternoon. The score at the termination of the fast contest being 2 for Mexia and 1 for the divided Waco Red skins. Jeffries hurled for the Gushers, holding the hard hitting Waco aggregation to 6 hits.

Mexia obtained only five hits off Rodriguez but was wild at times, walking three men in one inning and forcing in a run. Red Hall's error in the second round paved the way for the first tally by the Gushers. Hall muffed Seely's grounder and Jones followed with a two bagger. Harding walked and Fowlkes sacrificed with a long fly to deep center field. The Redskin's score came in the fourth inning. It took a double and three singles to put it across the home plate.

T. A. GOSSIP

By HECK

The Gushers by their 2-1 win over the Waco Indians Tuesday show signs of again being a factor in the chase for the rug, although not for the first half which is now almost a cinch for Corsicana even though Marlin is making heartbreaking fight for the honor.

After watching the Bathers in their two last games here I can't figure where they can expect to win the rag as Alexander is not getting the stuff out of his crew that he did until two weeks ago.

To the average mind it looks like the Bathers have cracked and from now on will play just so, so, baseball. Gressett is not only pitched out of turn but is also playing the outfield often which is not going to help his effectiveness in the box to any extent.

The Big Bather hurler is worked overtime and used on account of his hitting ability—which is a plenty at times as we can vouch for here in Mexia—but at the same time Gressett was knocked out of the box here and looks to be overworked and that spells doom for good old Alex and his crew.

Thomas has also been worked a plenty and has got his bumps in far too many cases for a pitcher of his caliber. Thomas has the least "stuff" for a left hander that I have seen but at that he is a good heady pitcher and hard to beat unless the opposition gets the hop on the long boy and then he is a poor worker. York is just ordinary and the same applies to Severn while Clair whom Rankin Johnson discarded from Temple is a bear at times and an easy mark at others and is usually beaten unless spotted plenty of runs and the Bathers don't make many runs these hectic days.

As I predicted in these columns a week ago, Waco has slipped and has now flopped dismally and also as I predicted at the opening of the season, Otto Melver is no longer manager of the club and my prediction was that Otto would not be with Waco as manager by July 1st and I missed it 15 days—and too soon at that.

No man on earth can manage a ball club for Harry Dupuy. The Waco owner is so blindly egotistical of himself that he cannot and will not let any man manage the Indians properly.

Dupuy tries to run the box office, hat boys, park police, umpires and all ball clubs at the same time and also hand out his marvelous supply of wisdom to the other club owners and league officials and in my humble opinion the said Dupuy knows the least about baseball than any man I have ever known who was directly connected with the game.

Waco had a great club at the opening of the season and was doped as the probable flag winner but those who went through the fire of last season's race knew that it was but a matter time before the effervescent Harry would wreck the club by trying to tell his manager how to manage—and it came true as was expected.

When the Indians last played here they looked helpless. Dissension ran rife throughout the club. The players were and are now a most dissatisfied lot and no ball club can win under such conditions.

Otto Melver had no superior in the

league as a manager—and has none now. There are some that I consider just as good but none superior. I am told this by both players and managers of all clubs in the league and it is hoped that he will land a berth with some other club in the league and will be with us the balance of the season.

The band can now start playing the grand march for the parade of managers to and from the Waco ball park and I suppose that the disorganized lot will be wished off on to good old Jack Shires after there is no hope to finish anywhere. Tom Carson is now filling the role of "jester for the King" and capable as everybody knows Tom is there is but the inevitable end for him and his efforts—the rattle of the can right pronto.

Poor Jinx Tucker will have to dig up an entirely new set of adjectives to use on the lost tribe. Stay in there, Jinx, dig up plenty of excuses for the tribe to grease the skids to the cellar.

Umpire Lipe was with us two whole days and that was three days too many. What is on Perry's mind is a mystery to every fan and it is a cinch that it ain't baseball. No real kick you understand, because he was just as bad for one club as another and his pep is of the minus kind—just natural ly sings songs along and don't give a darn what happens. Rip Van Winkle was a piker compared with Lipe as a sleeper.

According to Frank Cogdell: "If Lipe is an umpire then I am Sousa's band." You tell 'em Frank. Hodziggidy!

Hardy says Lipe don't miss 'em—he don't see 'em.

I understand that all barber shops in Mexia have reserved one chair

each for men only—Oh, mister dog catcher save my purp.

Lefty Jeffries came back with a bang with his 2-1 victory over the stamped Indians Tuesday—maybe that lick on the flipper has made him more effective.

Sanders is coming along fine and Dock Brown is the authority for the statement that Sandy will be seen back on the firing line before many moons and I guess the Gushers won't ramble some when that boy hits his stride—ditto for Tiner. Yea, Bo.

Country Williamson has looked good out there doing relief work behind the pan for Skipper Fowlkes and has been getting his single or two every day and his chatter is of the kind that the players become inoculated with and it helps the game wonderfully.

Speaking of catchers the more we see the others the better our Skipper looks and you can tell the world that he is every inch a catcher, thrower and knows his okra.

Question. Some one please pick a regular outfield from Butler, Bryan, Seely and Having and tell me—and why.

Leedy has hit his stride with the willow and that means much to the Gushers. Gloomy Gus has no superior in the league when it comes to down right driving a ball through the infield and but for his habit of hitting straight away would add many homers to his collection of bingles. Leedy, to my way of thinking, is the best second baseman in the loop and often wonder why it is that the wolves will "hide" him after a misplay out here at Nowlin park.

Leedy goes after more bad hit and hard hit balls than any infielder in the league and naturally under those

conditions he misses more but any fan can think for a minute and name numerous games that Gus has saved with a brilliant piece of work and hustling. Any other player can boot a play and get away with it excepting Bryan and Leedy but Gus gets the grand raz if he happens to bobble one regardless of a bad hop or what not may happen and I'm telling you wolves that you are razzing a boy that is going up just as sure as the sun shines.

I may not know my okra but at the same time you must give me credit for being connected with the game for many years and I have seen many a player that could not compare with Leedy go to higher company and become a star.

Gus boots a play once in a while—we all boot one every day in our line business what ever it may be—we all make mistakes and just because Gus happens to be a ball player and his boot is in the eyes of you fans it is no reason why he should be crowned with the grand razz that has been the case in the past.

If you will change your razz for Gus into the same sympathetic chatter that you hand the other players and help Gus along I'll stake a bet that he will show you the greatest piece of second base work you have ever seen in Class D.

And take this tip and think it over; Gus Leedy will bring a price in sale that will sure help this club a plenty and I would not be surprised to see Gus leave us via the sale route this fall.

Come on you fans, let's change the wolves growl into a howl of satisfaction. Whadda you say?

Keep on telling 'em and you keep on selling them.

Such popularity must be deserved

WHETHER it's tennis or cigarettes or anything else, popularity is no stroke of luck. No champion ever held his laurels except by making good. No cigarette ever held popular favor except by deserving it.

The popularity of Chesterfields is an outstanding example. For months now they have been drawing over 1000 smokers a day away from other cigarettes. Surely this is proof of their quality and good taste.

NOTICE OF CHARTER ELECTION

An ordinance ordering an election in the City of Mexia, Texas, to be held on the 7th day of July, 1924, for the purpose of submitting to the qualified voters of the City of Mexia, Texas, for the adoption or rejection of the proposed charter, prepared and framed by the Charter Commission heretofore elected, and designating the places at which said election is to be held, and appointing presiding officers thereof and declaring an emergency.

WHEREAS, on the 11th day of February, 1924, the City Commission of the City of Mexia, Texas, duly elected an ordinance, submitting to the qualified voters of said City, at an election to be held on the 7th day of July, 1924, the question: "SHALL A CHARTER BE CHOSEN TO FRAME A CHARTER?" and also providing for an election of fifteen members of a charter commission in case a majority of the votes cast at such election should be in favor of the choosing of such a commission, and which ordinance was duly approved and published and notices of such election were duly given as required by law; and

WHEREAS, said question was duly submitted and voted upon at said election in said city on said date, and the majority of the qualified voters voting at such election voted in favor of the choosing of a commission to frame a charter, and also a majority of the qualified voters voting at said election, voted in favor of fifteen citizens of said city to compose said Charter Commission; and

WHEREAS, said election was duly and legally held on the said 18th day of March, 1924, and results of said election were duly certified and returned to the City Commission by the proper election officers; and

WHEREAS, on the 21st day of March, 1924, this commission considered the several returns and canvassed the same, and found that there were cast, at said election, six hundred twenty-seven (627) votes, of which number five hundred five (505) votes were cast for the choosing of a charter commission, and one hundred twenty-two (122) votes were cast against the choosing of a charter commission, and this commission thereupon, by resolution, duly entered, declared that the proposition so submitted was sustained and adopted by a majority vote of the qualified voters of said city, voting at said election; and

WHEREAS, the City Commission of the City of Mexia, Texas, has examined into and investigated the regularity of the proceedings for said election and finds that the same was duly and legally held, that the notice required by law to be given has been duly and legally given, and that said election was conducted in strict conformity with all the requirements of law; and

WHEREAS, each and all of said fifteen citizens, so elected, duly qualified as members of said charter commission, and met and organized to frame a charter for the City of Mexia, Texas, and heretofore, on the 27th day of May, 1924, as such commission, signed such proposed charter and duly provided for the submission of the same to a vote of the qualified voters of said City, at an election to be held upon the question of the adoption or rejection of such charter upon the 7th day of July, 1924; and

WHEREAS, the said Charter Commission provided that the present City Commission shall call an election for such purpose; and

WHEREAS, the said Charter Commission will ratify and confirm and make the enactment of this ordinance its act and deed, and will make such ordinance its order for such election, all of which will be evidenced by the signature of the members of said Charter Commission appended hereto under the words: "APPROVED BY CHARTER COMMISSION"; therefore,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA, TEXAS:

Section 1. That an election shall be held in the City of Mexia, Texas, on the 7th day of July, 1924, at which the following proposition shall be submitted:

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following:

OFFICIAL BALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

Section 6. That the action of the aforesaid Charter Commission in calling the election for the purpose hereinabove stated, and in all other respects with reference to the framing and submitting of such proposed charter, are hereby ratified and confirmed, and the said Charter Commission, or the members thereof, shall ratify and confirm all things done by the present City Commission of the City of Mexia, Texas, with respect to the matters and things dealt with in this ordinance, and shall make the same their act and deed by subscribing their respective names hereunto under the caption: "APPROVED BY CHARTER COMMISSION," and such names as so subscribed shall be published as a part of this ordinance.

Section 7. A copy of this ordinance shall be sufficient notice of said election, and thirty (30) days notice of

the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this 27th day of May, 1924.

E. WATSON,
Mayor of the City of Mexia, Texas.

\$100 FOR A COMPLETE SUMMER OUTFIT

By HEDDA HOYT
(Fashion Editor of the United Press)
(Written for the United Press)

NEW YORK, June 18.—(United Press.)—where one woman spends one hundred dollars on one gown there are hundreds of other women who cannot afford to spend more than one hundred dollars on their entire wardrobe.

To be well dressed on a limited amount one must have taste and discrimination developed to the tenth degree. The following wardrobe for summer should be adequate for all occasions and should come within the hundred-dollar limit.

The first requisite for the average woman is the tailored suit. Those who have delayed the purchasing of the suit until the June sales will find a wide selection at reduced prices to choose from. Practically all of the suits displayed in the earlier part of the season are selling at half price. Thus the \$50 suit becomes the \$25 suit, and a garment which can be worn on cool days throughout the summer and be carried over for fall use.

The Flannel Suit
Lately introduced are the flannel, tweed and knitted suits which are meant for sportswear and these are selling very cheaply. At one shop I found silk and wool knit mixture selling for \$5 a suit. This had the fashionable boyish jacket and plain skirt attached to an elastic belt.

The knit suit has one bad feature and that is its sagging or bulging in the rear of the skirt. By wearing the front in the back and thus reversing the skirt now and then, this fault if sagging is partially done away with. The flannel suit is as chic as it is durable. These are selling around \$15 in many shops. Dark colors, such as navy blues, browns and dark mixtures are suggested for the woman with limited means. Colorful trimmings and accessories may be added to give the color spirit desired.

This suit solves the dress question for occasions such as business morning wear, semi-sports wear, resort wear, etc.

The one-piece dress is the next essential to every woman's wardrobe. There is no better material than crepe de chene or silk crepe for such a frock. Aram to suggest subdued colors, aided by colorful trimmings if one desires them. Black or navy crepe de chene is perhaps the most durable frock material that is ever popular and never out of style. One can purchase such a frock at a sale or at some of the shops which make a specialty of inexpensive ready-made garments for \$15 or \$20.

The Dinner Gown.
Most women have occasion to need a dinner gown. The woman of limited means will find it cheaper to have an expensive model copied by her dressmaker than to buy a good looking one in the shop.

For the woman who loves, there is a model displayed by one of the higher priced shops which is easily made and which will meet with the requirements of various occasions. The frock I made of black and tan georgette. The entire upper portion of the frock which is made in simple, slip-on type is of black georgette, which extends just below the knees. Here an accordion-pleated flange of tan georgette is joined to form the present vogue for the flaring hemline. The flange has a border of tan marabou outlining it, which, as an extremely soft and pretty hemline. There is a wide band of black satin ribbon placed above the low cut line which ties in a huge bow at one side of the front.

Sleeves extend just over the shoulder and neckline is rounding.

So extremely simple is this frock that it can easily be made in one day by the average dressmaker. Any simple pattern of slip-on type will be sufficient and the flounce is just a straight piece of pleated material. Such a gown can be made for \$12 and can be carried out in all black, gray, tan, etc., or with the mixture of two colors, as it is in the original model. A frock of this sort would do for evening occasions of any sort and it could be worn for dressy afternoon occasions.

While the city woman has little need for the real summery gown, there are days when she feels the need of something thin and cool. Figured mulle is a very suitable material for a gown of this type. There are lovely dark background mulles figured with brilliant or pastel coloring which cost but 75 cents a yard. One can buy these gowns ready-made for \$15. By making them at home the cost is more than cut in half.

These frocks are very simply made. To a simple, slip-on frock one adds a front apron of pleated materials, a sash, and one has a very desirable frock. One of the prettiest frocks I have seen this season need cost the home-dressmaker but six or eight dollars. This was a rose and black figured silk mulle with a pleated apron effect in front. Three rows of wide black lace were inserted in the apron before pleating and produced a very striking effect. Neckline and tiny sleeves were piped in black.

The slender woman will want to include at least one voile frock in her summer wardrobe for wear on the very warm days. These sell as low as \$5 and they launder well and can be worn on occasions where the gingham frock is decidedly out of place.

Sweaters and Skirts.
The summer girl needs two sweaters and two white skirts. Very good-looking sweaters are selling for \$2 in many shops and white skirts can be quickly and easily made at home, if one wishes to save on their cost. In a sweater and white skirt one is prepared for almost any resort occasion.

I should say that every woman needs three pairs of shoes and three hats. The conservative woman buys a pair of walking shoes for suit and every day wear, a pair of soft kid shoes for dress wear and a pair of light colored kid shoes for evening wear, which can later be bronzed for day wear. There are numerous good shops in New York where shoes sell for \$6 a pair.

As for hats, one needs a small, ribbon-trimmed cloche felt or straw for suit wear. Since hats are constantly verging towards simplicity, if they, such a hat is also worn with a dressy afternoon gown. An untimely light tan straw hat can be purchased for \$2, on the hat counters and a subdued colored straw will go with any color scheme. A band of ribbon is all that is required for trimming. For a dress hat, what can be prettier than a wide brimmed affair of home-made straw, simply trimmed with one huge flower? Such hats sell in the untrimmed department for \$1 or \$5 and a flower trim is not an expensive accessory.

BROTHER OF MEXIA PASTOR VISITS HERE

Rev. John B. Andrews, one of the general evangelists of the Methodist church, and brother of Rev. W. B. Andrews, is on a brief visit to Mexia. Dr. Andrews will conduct the power meeting at the First Methodist church this evening at 8:15. The members of the church are invited to attend and meet the brother of their pastor.

Couldn't Fool The Hi-Jackers

WACO, Texas, June, 18.—L. H. Kinchloe, truck farmer, has no more faith in "ideas." When he started to town with a load of garden truck he had \$50 which he decided would be safest from hi-jackers hidden in a bucket of butter.

WHO'S WHO BARBER SHOP

EVERY BARBER AN EXPERT

We wish to announce to the public that we have acquired the room formerly occupied by Mrs. W. A. Everett, next door east of our shop, and are taking out the partition and making one big barber shop out of the two rooms.

We are putting in a special department for ladies and children under the supervision of Mr. George Scroggins, who has recently completed the prescribed courses for this department. In this separate department, ladies and children can secure their barber work with all the conveniences and privacy of a modern city barber shop.

LIQUOR PLANK EXPECTED TO BE PRESENTED TO DEMOCRATS

Klan Question May Be Kept Off Of The Floor

NEW YORK, June 18.—In the interest of party harmony democratic leaders are making a quiet but determined effort to keep the Klan question and wet and dry issue from breaking out on the convention floor. Indications are that they may be successful in the first, but the liquor question is almost certain to come up for debate. It is understood that forces most vigorous are advocates of a strong anti-klan plank. Reports that large delegations of Klansmen, headed by Imperial Wizard Evans, are due here the latter part of the week, only served to increase the difficulties of leaders to keep the subject under cover.

HOUSTON LAD IS SUFFERING FROM PECULIAR MAL'DY

HOUSTON, Tex., June 18.—For thirty-three days, Manuel Middleton, 12 year old Houston lad, has been lying in a state of coma, kept alive by food that is forced between his lips.

Physicians attending him diagnose the case as cerebro spinal fever. His case, they say, is almost without a parallel, as persons so afflicted usually die within a week. He is showing remarkable resistance and his stamnia may yet win out over the malady.

Manuel fell ill on April 10. A physician pronounced the case meningitis. Delirious at times and subject to convulsions, Manuel suffered until May 17. That day, after eight hard convulsions, he lapsed into the coma that still grips him.

GRAY SAYS AGAIN HE IS INNOCENT; CASE IS AFFIRMED

AUSTIN, Texas, June 18.—The Court of Criminal Appeals affirmed the judgement of the death sentence on Clem Gray, convicted of the murder of Otis Ballard at Mt. Pleasant.

Dallas, Texas, June 18.—"I am glad they did something," said Clem Gray in his cell here when informed of the court action at Austin. "If they execute me I'll die for something I did not do."

BLAKE SMITH URGES IMPROVEMENT OF PARK; SUBSCRIBES TO THE FUND

Many citizens of Mexia have commended The News for its movement to raise funds for the erection of an electrically lighted arch entrance to Hughes Park, with suitable inscriptions on the posts and W. K. Boyd, President of the Company, has been receiving subscriptions to the fund.

Blake Smith, in stating that he would give \$50. to such a worthy cause, says, "I wish to congratulate J. K. Hughes on the foresight and devotion to this community which prompted him to donate a twelve acre park site to Mexia. Such an unselfish service and generous act should arouse every one of the other 10,122 citizens (the last census gave Mexia 10,123) to contribute something worthy to the development of the park into a recreational center that will become famed far and wide and which will attract hundreds of visitors here each week. Also, I wish to applaud The Mexia Daily News in its effort to arouse interest in the improvement of this park and to raise a fund to provide an entrance in keeping with the prospective beauty of the grounds. I visited the park recently, just after the playground equipment, contributed

by the Hughes family, had been installed by R. D. Morgan, according to the directions of the committee of ladies representing the Civic League, the gift of the Hughes', to my mind, stressed the duty resting upon the older citizens of this community in taking hold and assisting in the transformation of the entire park into a place of striking beauty and attractiveness. In doing this the value of the park as an asset to the city will be enhanced and that entire section of the city benefited from a standpoint of property values while the entire community will be made in to a better place in which to live.

Our city commissioners and the Mayor should strive in every way possible to devise some plan whereby the park may be provided with drive ways and streets leading to it and also some means should be provided so that it might have a caretaker and someone to look after it all through the outdoor season at least. In case it is impossible for the city to provide the necessary finances officially then the citizens should cooperate with Civic League in every way possible to these worthy ends.

"Yours for a better Mexia,"
"BLAKE SMITH."

BRYAN SAYS THERE WILL BE NO WET PLANK OR FIGHT

BATTLE CREEK, Mich., June 18.—The democratic platform will likely be so liberal as to make the candidacy of Senator LaFollette unnecessary, William J. Bryan declared. Mr. Bryan, who will be a member of the resolutions committee, said the campaign will be fought over economic issues. He said there would be no fight over prohibition, and there would not be a wet plank in the platform "under any circumstances."

KIDNAPED CHILD BACK HOME AGAIN

DETROIT, Mich., June 18.—Seven year old Gina Corsi, kidnaped a week ago, Monday, was back home today.

Detective Inspector Bert McPherson rescued the girl from kidnapers late last night after pursuing their automobile and forcing them to surrender the child.

Gina was thrown out of the machine and as a police car stopped to pick her up the three men kidnapers' machine sped away and escaped. The girl was unharmed.

McPherson promised yesterday he would recover the child that night or quit.

Meanwhile a relentless search goes on for the three kidnapers. Two suspects are held and McPherson, who is head of the Italian squad, is hoping to have all three behind the bars tonight.

The last letter received from the kidnapers by the father, Edward A. Corsi, candy store owner, was a threat to kill the child and leave her head on Corsi's doorstep unless he dropped \$1,000 from a taxicab at a spot named by the kidnapers.

McPherson and his men, however, following a "hot tip" went twelve miles west of the city on Michigan road and waited.

A touring car speeding toward Detroit was sighted and the police auto started in pursuit. When the officers began firing, the fleeing machine slowed up and Gina was tossed out.

The hiding place where the kidnapers concealed the girl was a farm west of here, according to police. She had been threatened with death several times, but came back home unharmed.

WHISKEY SEIZED

GALVESTON, Texas, June 18.—A bootleggers rendezvous on the island across from San Luis Pass was raided by coast guard and custom officers and 225 cases of Scotch whiskey were seized. The rum runners fled from the island before the officers arrived.

BELGIAN FLIER WINS GORDON BENNET CUP CONTEST

BRUSSELS, June 18.—The Belgian Balloon Pilot De Muyter was officially declared winner of this year's Gordon Bennett cup race today. He achieves success in this event for the third successive season and becomes permanent owner of the trophy.

De Muyter, piloting the Belgica, landed at Saint Abb's Head, in Berwickshire.

Previous reports that he had landed near Brighton apparently were unfounded.

De Muyter traveled the greatest distance from Brussels, where the race started Sunday. The Frenchman Laporte was second.

All the contestants now have landed.

De Muyter's distance was announced as 700 kilometers and his flight time 43½ hours.

The Frenchman Laporte was given second place, with a flight of approximately 320 kilometers.

There were three American entries and none figured in the money. W. G. Van Orman, piloting the Goodyear, landed at Amsterdam, while Captain H. E. Moneywell, in the Uncle Sam, came down on the French coast and Major Peck in the S-14, landed in Belgium.

KEELING TO CARRY CASE TO U. S. COURT

AUSTIN, Texas, June 18.—Attorney General Keeling has decided to file suit in the Federal District Court at New Orleans on behalf of the State against the United States and New Orleans, Texas and Mexico Railway and the International and Great Northern Railway to nullify the order of the Interstate Commerce Commission approving the merger of the two roads.

He will also ask for an injunction to restrain the purchase of stock of the I. & G. N. by other railroads. The grounds for the suit are that the merger is in violation of the State Constitution prohibiting the consolidation of parallel or competing lines.

U. S. Woman Tennis Star Defends Title

WIMBLEDON, Eng., June 18.—"I will defend my title in singles play at Wimbledon," Mme. Suzanne Lenglen, woman champion tennis player of the world, declared today upon her arrival here to watch the American and British women in action in the Wightman cup matches.

Thus the long anticipated meeting between Mme. Lenglen and Helen Wills appears once more likely. As for the little American girl, the brisk Suzanne had this to say:

"Helen Wills? Why, yes, I hear she is a lovely girl. A little slow footed, of course, but with a few good strokes."

The weather today was cool and cloudy for the Wightman cup contests.

"The courts are the fastest I ever saw," Mrs. Wightman, captain of the American team, said before the matches.

Helen Wills was honored by being assigned to play in the first match against Miss Covell. Molla Mallory plays Miss McKane while Miss Goss and Mrs. Jessup play Miss Covell and Mrs. Barron in the doubles.

SPEEDER LEAVES TOWN

NEW YORK.—Ernest Laubinger, of Oakland, Cal., has mailed the traffic court a \$25 fine with the note, "I've kissed New York good bye, the traffic cops are too tough." He was found guilty of driving 25 miles an hour.

The Cerf No. 5 of the E. I. Smith Oil Company is today making approximately 1,000 barrels of pure pipe line oil. This is one of the best wells to be completed at Powell in recent weeks. The Mexia Company now has five producing wells on this tract.

TEXAS PROFESSIONAL GOLF CHAMPION TO PLAY GAMES FRIDAY AT COUNTRY CLUB

Harry Cooper, Texas professional golf champion, who won his title for the second time at the Cedar Crest tournament at Dallas last week will play two exhibition games over the Mexia Country clubs course here Friday.

Mr. Cooper and his manager will arrive on the ten o'clock train from Dallas and the first exhibition will be given as soon as he can get ready and get to the course—presumably about 10:30 a. m.

Besides playing the course Mr. Cooper will give an exhibition of trick shots and a short and instructive talk illustrative of the finer points of the game. This talk will be of great value to beginners, stated Mr. Watkins, Mr. Cooper's manager to L. S. Patterson, who arranged for the game.

In the afternoon another exhibition will be given and it is safe to say that lovers of the game will be more than repaid for the time they spend on the course Friday.

Harry Cooper is barely 19 years of age and the golf world has not before known his record as a consistent player. Arrangements are being made for the entertainment of a large gallery who are expected to follow the player.

Those who are responsible for Mr. Cooper's appearance here and who stood the entire expense are: L. S. Patterson, Tom F. Nolan, Gene Sinclair, T. F. Morrow, John H. Sweatt, John Neece, Cox and Forrest Drug Co., Vincent Gantz, J. I. Riddle, Wolvertown Hardware Co., Val Horn of Anderson and Horn Drug Co., Emile Nussbaum, Wm. White, Jr., F. R. Kuotz, Hardy Eubanks and John S. Phillips.

EVANGELISTIC SERVICES TO BEGIN HERE TONIGHT

Rev. L. D. Young, of Dallas, arrived in town today to begin the evangelistic services, which continue for ten days, at the Central Presbyterian church tonight. Mr. Croxton expressed himself as delighted with the rehearsal of the choir last night and stated that there was still an opening for several more singers. The great rousing hymns of the church are to be used. Miss Elise Gibson and Mrs. J. Rex Forrest will act as pianists during the meeting.

A children's choir will be organized. All children are urged to come tonight and sing. A special meeting of the children's choir will be held Friday, 3:30 p. m. at the church.

Rev. Young is being entertained at the home of Mrs. Allen L. Hatch. Mr. Croxton is making his headquarters at the Hurdleston Hotel.

"HUMAN FLY" INJURED

COLUMBIA, Mo., June 18.—L. D. Bartlett, "human fly" of Atlanta, Ga., was seriously injured here last night when he fell five stories from a building he was attempting to scale. Both legs and both arms were broken. Two other performers, Walter Allen of Beaumont, Texas, and Wiley Paragon, of San Antonio, accompanied Bartlett.

YOUNG FANATIC IS TRIED FOR MURDER

CLEARWATER, Fla., June 18.—The State today opened a determined fight to send Frank McDowell, 19-year-old religious fanatic, to the gallows for the murders of his two sisters and his parents.

When the first day of evidence taking in the second trial of the young intellectual opened the State announced that alienists would be introduced to disprove McDowell's strange plea that he killed on orders of the "holy ghost" so as to expiate a "sin" of his own.

A jury to hear the case was selected late yesterday, after the State attorney already indicated they intended to fight every step of the way for a conviction.

JUDGE KILLS SELF

COLUMBUS, Ohio, June 18.—Judge R. M. Wanamaker of the Ohio Supreme Court committed suicide today by leaping from the fourth floor of Mt. Carmel hospital, where he had been confined following a nervous breakdown.

While his nurse was out of the room Wanamaker went into the bath room, turned the key in the lock, started the water running in the bath tub and then raised the window and leaped out.

WOMAN CAPTURES BOOTLEGER

NEW YORK.—A young woman dragging William Trumm by the collar turned her prisoner over to a crossing patrolman saying, "He is Jew's harp," a customer told Noah Schachter, pawn shop proprietor. As she was Gertrude McInerney of Mt. Vernon.

ROBERT C. PEPPER

Robert C. Pepper, running under the colors of the Mississippi Aggies in the Southeastern Olympic trials at Atlanta, shattered the world's record for the 100-meter run, going the distance over a slow track in 10.6 seconds. The course was also one-tenth of a foot too long.

Trail Riding Is 1924 Innovation In Canadian Rockies

TRAIL RIDERS CROSSING WOLFENBERG PASS

July of this year witnesses the first annual Pow-Wow of the Trail Riders of the Canadian Rockies in Yoho Valley, the wonder valley of Canada's mountain playground, and marks another outdoor recreation made available to visitors. Last year a group of outdoor lovers made an initial trail ride and found it so fascinating that they decided to form an organization to foster riding in these mountains. Any one who has established a record for riding in the Canadian Rockies of fifty miles or more, is eligible to membership, irrespective of race, creed, sex, age or color.

Dr. Charles Walcott, secretary of the Smithsonian Institution at Washington, D. C., is honorary president of the new Order, and John Murray Gibson, novelist, of Montreal is the honorary secretary. Among the members of the organizing committee are such prominent individuals as H. B. Clegg, president of Rand McNally & Co., Chicago; Reginald Townsend, editor of "Country Life," Garden City, N. Y.; Captain A. H. McCarthy, U. S. N., of New Jersey and Wilmer, B. C., a celebrated mountain climber, and Col. W. W. Foster of Vancouver, B. C., president of the Alpine Club of Canada. The spirit of the Order shall be a reverence

for the majesty and beauty of nature. Its aims are to encourage travel on horseback in the Canadian Rockies; to foster the maintenance and improvement of old trails and the construction of new trails; to advocate and practice consideration for horses and to promote the breeding of saddle horses suitable for high altitudes; to foster good fellowship among those who visit and live in these glorious mountains; to encourage the love of outdoor life, the study and conservation of birds, wild animals and alpine flowers; to protect the forests against fire; to assist in every possible way to ensure complete preservation of the National Parks of Canada for the use and enjoyment of the public; to create an interest

in Indian customs, costumes and traditions; to encourage the preservation of historic sites as related to the fur trade and early explorers and to co-operate with other organizations with similar aims.

Last year the Banff-Windermere Motor Road was made available to tourists and eight bungalow camps were built in as many beautiful locations among the Canadian Rockies. Some of them can be reached by automobile, others by trail riding. The new Order will prepare and circulate maps, descriptions and illustrations of existing trails and the country to which they give access, thus putting helpful information within reach of a public that has long been waiting for just such a delightful program as that made possible by the Trail Riders of the Canadian Rockies.

NEW GRIFFITH FILM

"BIG" IN SIMPLICITY

Probably the most delightfully artistic and by far the greatest heart-appealing story yet to come from that master of the motion picture, D. W. Griffith, is his newest offering, "The White Rose," a United Artists Corporation release coming to National Theatre tomorrow.

It tells a story old in theme, simple and direct, but in such a manner as to make it possibly the one "big" outstanding picture production of present season. Mr. Griffith has foreseen moths and huge ensembles for direct and careful characterization in this new screen offering and has succeeded to such a degree that experts predict he again has shown the way for better

pictures in the future.

The tale has to do with an orphan girl and a young divinity student who meet when the latter is making a walking tour to learn of the world and its ways. What transpires results in a consummation of compelling power and tender beauty.

Griffith journeyed with his company to the famous Mayou Tote country of western Louisiana for his scenes and they are recognized as the most strikingly charming yet shown on any screen.

Mae Marsh, after a long absence from the screen, returns with the most notable effort of her remarkable career. Her characterization of the orphan girl will long stand as one of the great things in the way of screen acting. Ivor Novello, a handsome

young English actor, has won immediate recognition as the young preacher in this new story. Carol Dempster, so popular in several previous Griffith successes, essays the part of a girl of high Southern family and as only one of her distinguished refinement and intelligence might. Critical reviewers declare it the finest thing she has yet done. Neil Hamilton, a new comer to the screen, is now heralded as a "Griffith find" as a result of his characterization of the lowly grocery boy who makes a name for himself. Porter Strong and Lucille La Verne, without equals in the portrayal of delightful negro types, are happily cast in the dusky lovers and afford no end of merriment for the audiences. Others in the cast of principals are

Kate Bruce, Jane Thomas, Charles Emmett Mack, Erville Alderson, Herbert Sutch, Joseph Burke and the real Southern darkies, and other super-numeraries are a positive delight in their naturalness.

Are You Tired, Weak—Discouraged?

Your Kidneys MAY BE RESPONSIBLE

Don't take chances, look after your kidneys if your back is lame, if rheumatism bothers you or you feel nervous, irritable and worn out. Thousands die every day who ought not to die and kidneys soaked with accumulated poison kills many. If you suspect you have kidney troubles the best medicine you can get is none too good. For 75 cents you can get a 6 ounce bottle of Dr. Carey's Marshroot Prescription 777 and start to drive the impurities from your kidneys this very week. Anderson & Horn guarantees it to help you or money back—so do all good druggists everywhere.—(Adv.)

I will advertise to-morrow—and the other fellow got the custom.

MURDER CHARGED TO NURSE IN HOSPITAL

Admits Gruesome Deed and Declares It Was Disgraceful to Let Condition Continue When It Was So Easy To Stop It.

"Certainly I killed them—all by myself, too," declared a pretty nurse when the superintendent found her pacing happily up and down the hospital halls.

"It's a disgrace to let roaches and water-bugs stay around a kitchen, or anywhere else for that matter, when Fly-Flu is so easy to get. It took me just five minutes to kill all insects around the place—and if any more come they will get it, too. Besides, Fly-Flu is a deodorant and keeps everything it touches sanitary."

Fly-Flu is deadly destruction to every insect or bug. Spray Fly-Flu around the premises—it kills them all. Flies, roaches, water-bugs, ants, fleas, mosquitoes and bugs and like that insect flowers

and plants all fall quick victims to the effects of Fly-Flu.

Yet Fly-Flu is absolutely harmless to humans—cannot stain or leave unpleasant odor—and it will not injure vegetation. Substitutes can't and won't do the work, but genuine Fly-Flu cannot fail if you use it according to directions.

A large bottle of Fly-Flu only costs 50c with the handy sprayer free. Get it from your druggist, grocer or general store. Be sure it's Fly-Flu.

Express Company's Growth Romance of Modern Commerce

commerce. In 1882 the company had eleven offices all in Manitoba, nine employees and one horse and a second-hand wagon. The gross receipts that year were only \$1,037. Today the activities of the company, which is owned and operated by the Canadian Pacific Railway, extend not only from the Atlantic to the Pacific, but into England, Europe and the Orient. The one horse and wagon have expanded into 1,117 vehicles, including fifty-two automobiles. The company began with a mileage of 445. Today it operates 17,000 land miles and 14,181 ocean miles, a total of 31,181 miles. "When the Dominion Express Company branched out into the money order business in 1895 it sold 77,814 money orders. In 1923 it issued 2,626,682 such orders and \$38,000,000 worth of travelers' checks. "One of its unique functions has been the development of the British Columbia fruit industry. This was a novel feature in early days and new settlers pouring into the rich agricultural areas of the West were a little skeptical. But by 1898 the movement of fruit began to show signs of success and the business produced an express revenue of \$15,919. Last year the company moved 600,000 packages of fruit, weighing over 15,000,000 pounds, with a corresponding increase in revenue."

SPORTS

NEW YORK.—With the present Madison Square Garden about to be torn down to give way to a new skyscraper, Tex Rickard has announced purchase of property for a new \$3,000,000 garden, within six blocks of Times Square. The new arena will have a seating capacity of 25,000.

NEW YORK.—A triumph for western rowing men and methods was registered on the Hudson at Poughkeepsie Tuesday when Washington University's magnificent varsity crew rowed to easy victory in the three-mile race, with Wisconsin taking second place ahead of four Eastern crews. No one was surprised by Washington's easy win in 15:02, but the showing of Wisconsin upset rowing dope. The two Western crews cheered and congratulated each other almost before their rivals had reached the finish. Penn's junior varsity and freshmen eights won their events.

WATCHING THE SCOREBOARD

Yesterday's hero—Babe Ruth, who besides batting out his sixteenth home run, won a game for the Yankees by scoring from second on an infield out.

The Pirates and Braves broke even in a holiday double-header, Pittsburgh taking the first, 5 to 2 and losing the second, 1 to 0.

Detroit won its third straight victory over Boston and went into second place by a score of 7 to 4.

Heavy hitting and superior base running accounted for the Yanks' win over Cleveland after the Indians had started with a five-run advantage, New York finally won, 7 to 5.

The Cubs could only touch Couch for four singles but made them count and beat the Phils, 6 to 5.

Snyder singled with the bases full in the fifth and the Giants won from St. Louis, 5 to 3.

Tiny Osborne kept his Indian sign on the Cincinnati Reds and the Dodgers got to Benton in the first six innings, winning 5 to 4.

The Senators made fifteen hits off four White Sox pitchers and won, 12 to 6.

With Ruth at Bat First inning—Singled.

Fourth inning—Hit sixteenth homer Fifth inning—Walked. Seventh inning—Walked. Ninth inning—Grounded to first.

OPENING PRICES

FIGHTERS.

BUENOS AIRES.—Juan Houmes, Tex Rickard's representative here, has called off all negotiations with Luis Firpo pertaining to the South American boxer's appearance in the United States. Firpo demanded \$10,000 cash, paid here in advance, the privilege of naming the referee, and made other demands which could not be granted. Houmes made reservations on the Southern Cross which sails for the United States tomorrow.

YOUNGSTOWN, Ohio.—Midget Mike O'Dowd, Columbus bantam-weight, knocked out Eddie Bowen, Sharon, Pa., in the ninth round of a scheduled 12-round bout.

"For Mexia, I WILL"

A FIGHT AND A FUNERAL

For months and months certain leading democrats, pen pushers and politicians, have been predicting a deadlock at the Madison Square Garden next week, with the McAdoo and Smith forces fighting for first place. Many are hopeful now for the man referred to so often as "the Crown Prince" at the 1920 convention in the city by the Golden Gate, although they did not see a glimmer of hope for him when the flowers of Springtime first began to bloom.

The "40 Texans" who attended the 1920 convention discovered that there are 47 other states in the Union, besides several islands that have voting powers. They attracted considerable attention then fighting for McAdoo who lost. They are going to attract more attention this time, for they are going into the Lion's den to vote for McAdoo again and also to try to win a victory for the majority rule. Heretofore the two thirds rule has obtained. This will be an interesting battle, for it will result early in the forces against McAdoo combining to defeat the majority rule, in case it reaches the floor of the Garden.

William Jennings Bryan, "The Greatest Roman of Them All," stalwart and powerful gladiator of many a Democratic convention arena, will also be in the spotlight. He favors the majority rule, provided the unit rule is broken.

Mr. Bryan is today the most remarkable Democrat in America. He was debating Burk Cockran, now deceased, long before some of the delegates to the convention this year were born, but he is as powerful on the convention floor today as ever before. Although he has been a resident of Florida only since the oil boom began in Mexia, he overwhelmed the bosses of that state and broke their slate of delegates. He is to be Florida's spokesman this year on the platform committee.

Any attempt to write a wet plank or run a wet candidate for President will bring Mr. Bryan to the front of the stage. At most all other times, he will stay in the background. He always comes to the defense of his country and his party, however, when the ants threaten to man the ship of state. No more inspiring sight can be had on any convention floor than to see William Jennings Bryan in action against the domination of the liquor traffic. It will be worth traveling around the world to hear and see him this time when the galleries are packed by Tammany henchmen, ready to howl down and jeer when anyone rises to defend the Eighteenth amendment or to oppose Roman Catholic Al (Alcohol) G. Smith for President.

The chances are that the galleries will be largely for booze and Smith. They have no power to vote but do have a right to applaud and they know that applause sometimes can sway a convention. But this time, the delegates will be on their guard. They know what to expect and will close their ears to the galleries and just hear the voice of the folks back home.

The Democratic convention in Madison Square Garden is going to be a fight and a funeral. It will be a contest between Giants of the party, a clash of one plank against another plank; the political death of some Presidential aspirants and the destruction of some party platform material.

THE VOTERS MUST PROBE SOME, TOO.

The character of a candidate for public office is revealed not so much in the candidate himself as in those who support his candidacy. Often the remark is heard that "If you will tell me who is for Mr. So and So, I will tell you how I am going to vote." And it's a pretty good rule. If the public takes time to find out whom the notoriously lawless element is supporting, then a pretty good idea of the kind of a man he is may be gained. If the public takes time to find out how the bootlegger and friends of bootleggers are going to vote and then vote for the other fellow, they will in the majority of instances poll a purer ballot. In Limestone county today, as well as throughout these United States, the voters must do some investigating for themselves, in securing that information needed for them to cast a wise and righteous ballot. Just as the endorsement of the best people of a community can be depended upon to reveal the best man for the place, the endorsement of the lawless element, wherever it may be, is a condemnation of the other man. Good men and bad men; good women and bad women; upright, intelligent, god-fearing and law-abiding citizens and those of the opposite character seldom, as a whole, vote for the same man or the same measures. Let Limestone county citizens meet the test before the arrival of the approaching primaries.

All of the probing should not be left to Senatorial Committees and Congressional bodies. Each voter should constitute himself as a committee of one to probe a little for the country's sake.

Loss of memory is more embarrassing on certain occasions than at other times, says E. W. Hoch in the Marion Record. For instance, a prospective bridegroom appeared at the Marion County probate judge's office recently and requested that dignity to issue him a marriage license. The obliging judge got out the customary blank and with pen in hand asked, "Names?"

EX-SHERIFF ANDERSON GIVES TANLAC CREDIT

Man Who Held Public Office Over 27 Years Says Medicine Restored His Health And Strength 5 Years Ago And Has Helped Him Keep Well.

"I said a lot in praise of Tanlac some six years ago, but not half enough. In view of what it did for me," is the high tribute paid the famous medicine, a few days ago, by Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who resides at 1505 Austin St., Houston. Mr. Anderson is unquestionably one of the best known and most popular men that ever held public office in the "Lone Star" state. After serving as deputy sheriff of Harris county for 12 years, Mr. Anderson was elected chief of police of the City of Houston. He had occupied this office but a short time when the sheriff of Harris county died and Mr. Anderson was then appointed by the Commissioner's Court to serve out the unexpired term of sheriff. He was honored with reelection as sheriff seven different times and served the people in this important office 15 consecutive years. In 1912 Mr. Anderson declined re-

election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this city. Speaking further of his experience with Tanlac, Mr. Anderson said:

"Before taking Tanlac I was all run-down and had no appetite. I had the worst form of indigestion and could not eat fried foods or pastries at all. I suffered all the worst sort of neuralgic pains and nothing seemed to help me only in a temporary way, until I took Tanlac.

"Then I read the statement of a Georgia sheriff, who had been relieved of troubles like mine, I just felt like I couldn't go wrong by taking Tanlac, and it has done even more for me than I expected. I felt better after the first bottle and the complete treatment of six bottles made a new and different man of me. I never felt better in my life than I did after taking Tanlac. And although five years have passed since Tanlac straightened me up, my health has continued good and my stomach as sound as a dollar to this good day. I am glad to endorse Tanlac because it does the work and does it well."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.—(Adv.)

UNSINKABLE SHIP A MYTH, SAYS NOTED BRITON

LONDON (By mail to United Press.)—"The unsinkable ship is a myth," said Sir Alan Anderson, presiding over the international conference of world shipping interests in London. "It is not only a myth, it is a dangerous myth, if it induces false confidence. A modern ship, properly handled, does not sink unless she hits something

harder than water; but if she charges another ship, or rock, or iceberg, she will sink in spite of bulkheads, load-line and deck cargo regulations, and the lives of all on board will be in peril in spite of lifeboats, rafts and boats.

"The one absolute safeguard at sea is a vigilant master."

"Bulkheads, and other precaution may and will mitigate disaster, but they are more likely to prove useful if they are wisely, and not extravagantly, framed."

American Engineers Are Now In Session

PASADENA, June 18 (United Press.)—The engineers are in town, to ponder the problems and enjoy the diversions of their fifty-fourth annual convention of the American Society of Civil Engineers, which opened here today and will end June 21.

About seven hundred delegates and guests from all parts of the country were present at Hotel Maryland this morning, when Franklin Thomas, president of the Los Angeles section, called the first session to order. Hiram W. Wadsworth, chairman of the Pasadena board of city directors, delivered the address of welcome.

President C. E. Grunsky of the Society responded to the greeting and then delivered his annual address. His speech, while it was addressed to a technical assembly, was universal in scope. It dealt with the engineer and his problems and his responsibility to the community and nation.

One of the notable programs of the convention will take place tomorrow. It will be devoted to the important Colorado River problem in a formal paper to be presented by Col. William Kelly, Engineer Corps, U. S. A., and chief engineer of the Federal Power Commission.

A discussion of that important issue will be opened by E. C. LaRue, hydraulic engineer of the United States Geological Survey. He will also show moving pictures made by him during his recent trip down the Colorado River.

The Sanitary engineering division will hold its first session to hear a paper by Robert V. Orbison, city manager of South Pasadena. An important paper on the sanitation of the Los Angeles metropolitan district will be read by Willis T. Knowlton, engineer of sewers for Los Angeles, to be followed by a discussion participated in by George T. Hammond of Brooklyn, N. Y.; C. G. Hyde, professor of sanitary engineering at the University of California, and W. W. Horner, chief engineer of sewer and paving, St. Louis.

Royal W. Sorenson, professor of electrical engineering, California Institute of Technology, will present a paper before the Power Division Relation to Power Transmission," and its discussion will be opened by Harold Michener, transmission engineer of the Southern California Edison Company.

The third simultaneous technical session for tomorrow afternoon at 2 o'clock is that of the Highway Division. The other two sections to meet are the City Planning Division, with George A. Damon, consulting engineering and City planner, reading a paper on "The Influence of the Automobile on Regional Transportation Planning," and the Irrigation Division.

Following these technical meetings, the engineers and their guests will visit the Thomas H. Ince Studio at Culver City. The guests will be entertained by motion stars and will view the process of making motion pictures.

On Friday, the Steamer Avalon

will take the delegates to Catalina Island, where luncheon will be served at the Saint Catherine Hotel. A buffet dinner after the return will be served at the California Yacht Club in Los Angeles Harbor.

The Tri-City Sewage Disposal plant and farm will be inspected Saturday morning and then will follow a trip to Hyperion, the site of the Los Angeles outfall sewer screening plant. An alternative program for Saturday is a trip to San Diego with luncheon at San Juan Capistrano. The United States Naval establishment at San Diego and the San Diego water supply system will be visited on Sunday.

Paid Fine And Gave Boy Odium

FORT WORTH, June 18.—An old man appeared before Judge Cullen Bailey in police court here today to plead that the case against his son charging him with parking longer than the limit, be dismissed. "It is the odium attached to paying a fine I don't like."

"One dollar and costs" said the judge, "and give the boy the odium."

WHO WILL MANAGE COOLIDGE CAMPAIGN?

WASHINGTON, June 17.—President Coolidge authorized a statement that the conduct of his campaign will be handled by the national committee. He made it known that he hopes there be no misinterpretation of the statement of his secretary, C. Bascom Slemph, that Slemph will be on the advisory committee, which Slemph said would have the "real management" of the campaign.

Advertising intelligently done, backed up by delivering the goods, will build a healthy business for you.

DON'T EXPERIMENT WITH "PIMPLE CURES"

Do you think so little of your delicate skin and face as to allow yourself to become the subject for experiments. By all means use only the thing which has stood the test of time and public opinion to get rid of your pimples, blotches, bumps, "breaking out," eczema, etc. Black and White Ointment, and Soap have not only stood this test, but you are sure of it—when you know that they are selling at the tremendous rate of more than two million packages a year.

The way they are economically priced, in liberal packages, has helped to make them so popular along with their dependability. The 50c size Ointment contains three times as much as the 25c size. All dealers have both Black and White Ointment and Black and White Soap, as they are called.—(Adv.)

Co-Op. Students Supply Store Declares Dividend

AUSTIN, Texas, June 18.—Approximately \$3,000 in dividends was paid to the long term students by the University of Texas Co-Op, a student supply store, according to E. C. Rather, manager. There were 985 members, making the average rebate paid to each student amount to \$3.

Paying a six per cent dividend on the total amount purchased by each student, the largest that has ever been paid by the Co-Op, the store has had one of the most profitable years since it was established, Mr. Rather said. The increase in business of the store was due to the desire of the Co-Op to be of assistance to the student body in every campus enterprise, and supply the students with books at the lowest price.

In addition to the large amount of money returned to the students in rebates, the Co-Op every year gives gold fountain pens to athletics, sweaters to the yell leaders, loving cups to athletics, and many other gifts.

Five Out of Seven Balloons Are Down

BRUSSELS, June 17.—Five of the seventeen balloons which took off from Solsboch Plain in the Gordon Bennett cup race Sunday were reported down today. One of the American entries, the Uncle Sam, piloted by the veteran Captain E. H. Honeywell, landed near Rouen, France, some 230 kilometers from the starting point.

At an early hour the American entry Goodyear was believed to be still safely in flight.

Other balloons down included the Italian Ciampino V, which came to earth near Havre, 300 kilometers away; the British Banshee, which landed at Aubgue in the Meurthe Et Moselle department, likewise about 300 kilometers distant and the British Margaret, was landed two kilometers from Dieppe.

The Belgian balloon Belgica, piloted by Demuyter, landed at 3 a. m. today at a farm ten miles from Brighton, England.

University Summer School Of Benefit To Rural Children

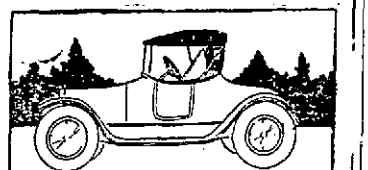

AUSTIN, Texas, June 18.—Since nearly three-fourths of the children and young people of school age in Texas are living in rural communities, opportunities for additional training to rural teachers is being offered during the first six weeks of the University of Texas summer school. Two courses in rural education are offered, one intended particularly for teachers and dealing with specific problems of classroom organization, and the other intended for superintendents and principals, research specialist in rural education, research specialist in rural education of the University Bureau of Extension.

INABINE

The Great Kidney, Bladder and Rheumatic Remedy and Blood Purifier

Is Recommended for the Ordinary Curable Ailments of the Kidneys, Bladder and Urinary Organs and Rheumatism.

Aching pains over the hips, backache, sediment in the urine, irritation of the bladder, pain in urinating, puffiness under the eyes, highly colored urine, straining after urinating, swollen ankles and dimmed vision are symptoms of Kidney trouble and will result in serious trouble if not attended to.

We recommend Inabine as one of the best known remedies for the correction, and in most cases a permanent cure for the above, and we have hundreds of testimonials from satisfied customers who will verify it.

Inabine has been manufactured by us since 1898, and is guaranteed under the Pure Food and Drugs Act of June 30, 1906.

Our Guarantee: If after using one bottle according to directions you are not perfectly satisfied with its results, take the empty bottle to the druggist from whom you bought it and he will cheerfully refund the price paid.

YOUNG AND CROXTON

ENGLISH GIRL, 13, IS TENNIS PRODIGY

(By International News Service)
LONDON, June 18.—England's newest tennis prodigy is Betty Nutt.

And Betty is a real prodigy, for she is only thirteen years old, yet her game is good enough to earn her the respect of such capable and experienced players as Molla Mallory, Miss Elizabeth Ryan, and other veterans who have been in the limelight of the tennis world for years. Mrs. Mallory has called her a "wonderful little player."

In the recent Middlesex championships played on the courts at Chiswick, Betty fought her way through the first two rounds and in the third round, found herself facing the redoubtable Molla, who was a star on the courts before Betty was born. Mrs. Mallory took the first set, 6 to 1, while Betty was getting warmed up, but in the second set Betty was going great guns, and she gave Molla a battle that had the spectators cheering and acting roughly with their hats. She carried the game to six all, but could not stand the pace, and Mrs. Mallory won, 8 to 6.

Betty is a sturdily built girl, with golden hair that hangs down her back, and she admits that she "loves to play the game" and enjoys "playing before a crowd."

English tennis enthusiasts expect that Betty will develop into a British Helen Wills or a French Suzanne Lenglen and confidently predict she will be winning world's championships by the time she is twenty. Her mother, however, insists that tennis is not going to be allowed to interfere with her education.

MISSIONARY SOCIETY ENTERTAINED MONDAY

The ladies of the Missionary Society were entertained in the home of Mrs. L. C. Strange Monday afternoon from 4 to 6. The reception rooms were beautifully decorated with cut flowers of daisies and American Beauty roses. Mrs. Strange was assisted in entertaining by Mesdames Tom Denning, Measles, E. M. Strange, Mrs. Geo. Peyton had charge of the program on Child Welfare. Round table discussions of this subject were led by Mesdames Sweett, Berry and Andrews. Little Miss Alma Louise Riddle gave two readings in her own sweet way. Mrs. Will Boling delighted her audience with her solos. Dainty refreshments of brick ice cream and angel food cake were served to 40 guests by the charming little daughters of the hostess.

Out of town visitors were Mrs. Frances T. Wilkerson, the guest of Mrs. E. M. Strange, Mesdames E. L. Green and H. G. Blake, guests of Mrs. Spikes.

HARMLESS MEDICINE

PARIS, June 18.—The two year old son of Mr. and Mrs. Slatyden was hungry enough to eat anything. The first thing he discovered was a box of aspirin tablets. He devoured practically the whole contents of the box before his mother found him.

Doctors resorted to the stomach pump, and the boy is as well as ever.

Miss Helen Wills American Tennis Champion Is Fit

By HENRY L. FRELL
(United Press Staff Correspondent)

LONDON, June 17.—Her blush hidden beneath the brownest of sunburns, Helen Wills, American woman tennis champion, was fit and ready for the fight of her life today as she and her companions on the American got in some final practice licks for the Wightman cup matches which start at Wimbledon tomorrow.

The entire American team, which includes Molla Mallory, Miss Eleanor Goss, Mrs. Wightman and Mrs. Marion Z. Jessup, is in the finest of physical condition although our women were hampered by poor weather recently from getting all the training they would have liked.

Suzanne Lenglen is due to arrive tomorrow to take a look at Miss Wills' play in the Wightman cup matches. The French girl is scheduled to play several exhibition matches but has not yet promised to defend her singles title at Wimbledon.

Lenglen will play in the doubles but not in the singles, it is believed, unless she feels she can defeat Miss Wills.

Denton Lady Has Rare Collection Of Old Heirlooms

DENTON, Texas, June 18.—Quaint old pieces of crockery more than 100 years old, bits of jewelry worn by women of past generations, books, letters, and other relics of bygone days are owned by Mrs. O. P. Taylor of Denton. Mrs. Taylor is 90 years old.

Unique among the collections are the delicately wrought breastpins worn by Mrs. Taylor's grandmother and made entirely of human hair, except for the metal holder and the bit of glass which frames the tiny braids taken from the heads of her grandmother's children.

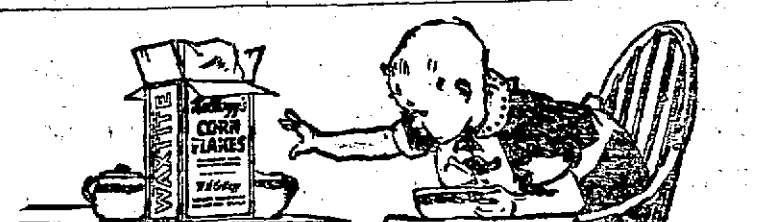

An old platter, yellow with age, carries illustrations of the fairy tale, "The Prince and the Pauper" in deft colors that have never faded. The platter has deep furrows down the middle and a bowl at one end into which gravy drips.

College diplomas, granted in 1822 and inscribed in Latin script, daguerotypes, and letters nearly a century old are in the collection.

JEFFRIES PITCHES GUSHERS TO WIN OVER INDIANS 2 TO 1

Red Skin Hurler
Pitches Well
But Wild at
Times

The Indians lost the opening game of the series to the Mexia Gushers at Waco Tuesday afternoon. The score at the termination of the fast contest being 2 for Mexia and 1 for the divided Waco Red skins. Jeffries hurled for the Gushers, holding the hard hitting Waco aggregation to 6 hits.

Mexia obtained only five hits off Rodriguez but was wild at times, walking three men in one inning and forcing in a run. Red Hall's error in the second round paved the way for the first tally by the Gushers. Hall muffed Seeley's grounder and Jones followed with a two bagger. Harding walked and Fowlkes sacrificed with a long fly to deep center field. The Redskins' score came in the fourth inning. It took a double and three singles to put it across the home plate.

By HECK

The Gushers by their 2-1 win over the Waco Indians Tuesday show signs of again being a factor in the chase for the rag, although not for the first half which is now almost a cinch for Corsicana even though Marlin is making heart-breaking fight for the honor.

After watching the Bathers in their two last games here I can't figure where they can expect to win the rag as Alexander is not getting the stuff out of his crew that he did until two weeks ago.

To the average mind it looks like the Bathers have cracked and from now on will play just so, so, baseball. Gressett is not only pitched out of turn but is also playing the outfield often which is not going to help his effectiveness in the box to any extent.

The Big Bather hurler is worked overtime and used on account of his hitting ability—which is a plenty at times as we can vouch for here in Mexia—but at the same time Gressett was knocked out of the box here and looks to be overworked and that spells doom for good old Alex and his crew.

Thomas has also been worked a plenty and has got his bumps in far too many cases for a pitcher of his caliber. Thomas has the least "stuff" for a left hander that I have seen but at that he is a good heady pitcher and hard to beat unless the opposition gets the hop on the long boy and then he is a poor worker. York is just ordinary and the same applies to Severn while Clair whom Rankin Johnson discarded from Temple is a bear at times and an easy mark at others and is usually beaten unless spotted plenty of runs and the Bathers don't make many runs these hectic days.

As I predicted in these columns a week ago, Waco has slipped and has now flopped dismally and also as I predicted at the opening of the season, Otto McIver is no longer manager of the club and my prediction was that Otto would not be with Waco as manager by July 1st and I missed it 15 days—and too soon at that.

No man on earth can manage a ball club for Harry Dupuy. The Waco owner is so blindly egotistical of himself that he cannot and will not let any man manage the Indians properly.

Dupuy tries to run the box office, eat boys, park police, umpires and all ball clubs at the same time and also hand out his marvelous supply of wisdom to the other club owners and league officials and in my humble opinion the said Dupuy knows the least about baseball than any man I have ever known who was directly connected with the game.

Waco had a great club at the opening of the season and was doped as the probable flag winner but those who went through the fire of last season's race knew that it was but a matter time before the effervescent Harry would wreck the club by trying to tell his manager how to manage—and it came true as was expected.

When the Indians last played here they looked helpless. Dissension ran rife throughout the club. The players were and are now a most dissatisfied lot and no ball club can win under such conditions.

Otto McIver had no superior in the

league as a manager—and has none now. There are some that I consider just as good but none superior. I am told this by both players and managers of all clubs in the league and it is hoped that he will land a berth with some other club in the league and will be with us the balance of the season.

The band can now start playing the grand march for the parade of managers to and from the Waco ball park and I suppose that the disorganized lot will be wished off on to good of Jack Shires after there is no hope to finish anywhere. Tom Carson is now filling the role of "jester for the King" and capable as everybody knows Tom is there is but the inevitable end for him and his efforts—the rattle of the can right pronto.

Poor Jinx Tucker will have to dig up an entirely new set of adjectives to use on the lost tribe. Stay in there, Jinx, dig up plenty of excuses for the tribe to grease the skids to the cellar."

Umpire Lipe was with us two whole days and that was three days too many. What is on Perry's mind is a mystery to every fan and it is a cinch that it aint baseball. No real kick you understand, because he was just as bad for one club as another and his pep is of the minus kind—just naturally sings songs along and don't give a damn what happens. Rip Van Winkle was a piker compared with Lipe as a sleeper.

According to Frank Cogdell: "If Lipe is an umpire then I am Sousa's band." You tell 'em Frank. Hodziggidy!

Hardy says Lipe don't miss 'em—he don't see 'em.

I understand that all barber shops in Mexia have reserved one chair

each for men only—Oh, mister dog catcher save my purp.

Lefty Jeffries came back with a bang with his 2-1 victory over the stamped Indians Tuesday—maybe that lick on the flipper has made him more effective.

Sanders is coming along fine and Dock Brown is the authority for the statement that Sandy will be seen back on the firing line before many moons and I guess the Gushers won't ramble some when that boy hits his stride—ditto for Tiner. Yea, Bo.

Country Williamson has looked good out there doing relief work behind the pan for Skipper Fowlkes and has been getting his single or two every day and his chatter is of he kind that the players become inoculated with and it helps the game wonderfully.

Speaking of catchers the more we see the others the better our Skipper looks and you can tell the world that he is every inch a catcher, thrower and knows his okra.

Question. Some one please pick a regular outfield from Butler, Bryan, Seelye and Heving and tell me—and why.

Leedy has hit his stride with the willow and that means much to the Gushers. Gloomy Gus has no superior in the league when it comes to down right driving a ball through the infield and but for his habit of hitting straight away would add many homers to his collection of bingles. Leedy, to my way of thinking, is the best second baseman in the loop and often wonder why it is that the wolves will "ride" him after a misplay out here at Nowlin park.

Leedy goes after more bad hit and hard hit balls than any infielder in the league and naturally under those

conditions he misses more but any fan can think for a minute and name numerous games that Gus has saved with a brilliant piece of work and hustling. Any other player can boot a play and get away with it excepting Bryan and Leedy but Gus gets the grand raz if he happens to bobble one regardless of a bad hop or what not may happen and I'm felling you wolves that you are razzing a boy that is going up just as sure as the sun shines.

I may not know my okra but at the same time you must give me credit for being connected with the game for many years and I have seen many a player that could not compare with Leedy go to higher company and become a star.

Gus boots a play once in a while—we all boot one every day in our line business what ever it may be—we all make mistakes and just because Gus happens to be a ball player and his boot is in the eyes of you fans it is no reason why he should be crowned with the grand razz that has been the case in the past.

If you will change your razz for Gus into the same sympathetic chatter that you hand the other players and help Gus along I'll stake a bet that he will show you the greatest piece of second base work you have ever seen in Class D.

And take this tip and think it over; Gus Leedy will bring a price in sale that will sure help this club a plenty and I would not be surprised to see Gus leave us via the sale route this fall.

Come on you fans, let's change the wolves growl into a howl of satisfaction. Whadda you say?

Keep on telling 'em and you keep on selling them.

Such popularity must be deserved

WHETHER it's tennis or cigarettes or anything else, popularity is no stroke of luck. No champion ever held his laurels except by making good. No cigarette ever held popular favor except by deserving it.

The popularity of Chesterfields is an outstanding example. For months now they have been drawing over 1000 smokers a day away from other cigarettes. Surely this is proof of their quality and good taste.

NOTICE OF CHARTER ELECTION

An ordinance ordering an election in the City of Mexia, Texas, to be held on the 7th day of July, 1924, for the purpose of submitting to the qualified voters of the City of Mexia, Texas, for the adoption or rejection of the proposed charter, prepared and framed by the Charter Commission heretofore elected, and designating the places at which said election is to be held, and appointing presiding officers thereof and declaring an emergency.

WHEREAS, on the 11th day of February, 1924, the City Commission of the City of Mexia, Texas, duly enacted an ordinance, submitting to the qualified voters of said City, for an election ordered and held for the purpose, on the 18th day of March, 1924, the question: "SHALL A CHARTER BE CHOSEN TO FRAME A CHARTER?" and also providing for an election of fifteen members of a charter commission in case a majority of the votes cast at such election should be in favor of such choosing of such a commission, and which ordinance was duly approved and published and notices of such election were duly given as required by law; and

WHEREAS, said question was duly submitted and voted upon at said election in said City on said date, and the majority of the qualified voters voting at such election voted in favor of the choosing of a commission to frame a charter, and also a majority of the qualified voters voting at said election, voted in favor of fifteen citizens of said city to compose said Charter Commission; and

WHEREAS, on the 21st day of March, 1924, this commission considered the several returns and canvassed the same, and found that there were cast, at said election, six hundred twenty-seven (627) votes, of which number five hundred five (505) votes were cast for the choosing of a charter commission, and one hundred twenty-two (122) votes were cast against the choosing of a charter commission, and this commission thereupon, by resolution, duly entered, declared that the proposition so submitted was sustained and adopted by a majority vote of the qualified voters of said city, voting at said election; and

WHEREAS, the City Commission of the City of Mexia, Texas, as examined into and investigated the regularity of the proceedings for said election and finds that the same was duly and legally held, that the notice required by law to be given has been duly and legally given, and that said election was conducted in strict conformity with all the requirements of law; and

WHEREAS, each and all of said fifteen citizens, so elected, duly qualified as members of said charter commission, and met and organized the same, and duly proceeded to frame a charter for the City of Mexia, Texas, and heretofore, on the 27th day of May, 1924, as such commission, signed such proposed charter and duly provided for the submission of the same to a vote of the qualified voters of said City, at an election to be held upon the question of the adoption or rejection of such charter upon the 7th day of July, 1924; and

WHEREAS, the said Charter Commission provided that the present City Commission shall call an election for such purpose; and

WHEREAS, the said Charter Commission will ratify and confirm and make the enactment of this ordinance its act and deed, and will make such ordinance its order for such election, all of which will be evidenced by the signature of the members of said Charter Commission appended hereto under the words: "APPROVED BY CHARTER COMMISSION"; therefore,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA, TEXAS:

Section 1. That an election shall be held in the City of Mexia, Texas, on the 7th day of July, 1924, at which the following proposition shall be submitted:

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively, as follows: The polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following:

OFFICIAL BALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924." And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924." Section 6. That the action of the aforesaid Charter Commission in calling the election for the purpose hereinabove stated, and in all other respects with reference to the framing and submitting of such proposed charter, are hereby ratified and confirmed, and the said Charter Commission, or the members thereof, shall ratify and confirm all things done by the present City Commission of the City of Mexia, Texas, with respect to the matters and things dealt with in this ordinance, and shall make the same their act and deed by subscribing their respective names hereunto under the caption, "APPROVED BY CHARTER COMMISSION," and such names as so subscribed shall be published as a part of this ordinance.

the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this 27th day of May, 1924.

E. WATSON,

Mayor of the City of Mexia, Texas.

1009 FOR A COMPLETE SUMMER OUTFIT

By HEDDA HOYT
(Fashion Editor of the United Press)
(Written for the United Press)

NEW YORK, June 18.—(United Press.)—where one woman spends one hundred dollars on one gown there are hundreds of other women who cannot afford to spend more than one hundred dollars on their entire wardrobe.

To be well dressed on a limited amount one must have taste and discrimination developed to the tenth degree. The following wardrobe for summer should be adequate for all occasions and should come within the hundred-dollar limit.

The first requisite for the average woman is the tailored suit. Those who have delayed the purchasing of the suit until the June sales will find a wide selection at reduced prices to choose from. Practically all of the suits displayed in the earlier part of the season are selling at half price. Thus the \$50 suit becomes the \$25 suit and a garment which can be worn on cool days throughout the summer and be carried over for fall use.

The Flannel Suit
Lately introduced are the flannel, tweed and knitted suits which are meant for sportswear and these are selling very cheaply. At one shop I found silk and wool knit mixture selling for \$5 a suit. This had the fashionable boyish jacket and plain skirt attached to an elastic belt.

The knit suit has one had feature and that is its sagging or bulging in the rear of the skirt. By wearing the front in the back and thus reversing the skirt now and then, this fault if sagging is partially done away with. The flannel suit is as chic as it is durable. These are selling around \$15 in many shops. Dark colors, such as navy blues, browns and dark mixtures are suggested for the woman with limited means. Colorful trimmings and accessories may be added to give the color spirit desired.

This suit solves the dress question for occasions such as business morning wear, semi-sports wear, resort wear, etc.

The one-piece dress is the next essential to every woman's wardrobe. There is no better material than crepe de chene or silk crepe for such a frock. Again we suggest subdued colors, aided by colorful trimmings if one desires them. Black or navy crepe de chene is perhaps the most durable frock material that is ever popular and never out of style. One can purchase such a frock at a sale or at some of the shops which make a specialty of inexpensive ready-made garments for \$15 or \$20.

The Dinner Gown.
Most women have occasion to need a dinner gown. The woman of limited means will find it cheaper to have an expensive model copied by her dressmaker than to buy a good looking one in the shops.

For the woman who sews, there is a model displayed by one of the higher priced shops which is easily made and which will meet with the requirements of various occasions. This frock is made of black and tan georgette. The entire upper portion of the frock, which is made in simple, slip-on type, is of black georgette, which extends just below the knees. Here an accordion-pleated flounce of tan georgette is joined to form the present vogue for the flaring hemline. This flounce has a border of tan marabou outlining it, which gives an extremely soft and pretty hemline. There is a wide sash of black stain ribbon placed above the low waistline which ties in a huge bow at one side-front.

Sleeves extend just over the shoulder and neckline is rounding.

So extremely simple is this frock that it can easily be made in one day by the average dressmaker. Any simple pattern of slip-on type will be sufficient and the flounce is just a straight piece of pleated material. Such a gown can be made for \$12 and can be carried out in all black, gray, tan, etc., or with the mixture of two colors, as it is in the original model. A frock of this sort would do for evening occasions of any sort and it could be worn for dressy afternoon occasions.

While the city woman has little need for the real summery gown, there are days when she feels the need of something thin and cool. Figured mulle is a very suitable material for a gown of this type. There are lovely dark background mulles figured with brilliant or pastel coloring which cost but 75 cents a yard. One can buy these gowns ready-made for \$15. By making them at home the cost is more than cut in half.

These frocks are very simply made. To a simple, slip-on frock one adds a front apron of pleated materials, a sash, and one has a very desirable frock. One of the prettiest frocks I have seen this season need cost the home-dressmaker but six or eight dollars. This was a rose and black figured silk mulle with a pleated apron effect in front. Three rows of wide black lace were inserted in the apron before pleating and produced a very striking effect. Neckline and tiny sleeves were piped in black.

The slender woman will want to include at least one voile frock in her summer wardrobe for wear on the very warm days. These sell as low as \$5 and they launder well and can be worn on occasions where the gingham frock is decidedly out of place.

Sweaters and Skirts.

The summer girl needs two sweaters and two white skirts. Very good-looking sweaters are selling for \$2 in many shops and white skirts can be quickly and easily made at home, if one wishes to save on their cost. In a sweater and white skirt one is prepared for almost any resort occasion. I should say that every woman needs three pairs of shoes and three hats. The conservative woman buys a pair of walking shoes for suit and every day wear, a pair of soft kid shoes for dress wear and a pair of light colored kid shoes for evening wear, which can later be bronzed for day wear. There are numerous good shops in New York where shoes sell for \$6 a pair.

As for hats, one needs a small, ribbon-trimmed cloche felt or straw for suit wear. Since hats are constantly verging towards simplicity, if straw, such a hat is also worn with a dressy afternoon gown. An untrimmed light tan straw hat can be purchased for \$2, on the hat counters and a subdued colored straw will go with any color scheme. A band of ribbon is all that is required for trimming. For a dressy hat, what can be prettier than a wide brimmed affair of horse-hair straw, simply trimmed with one large flower? Such hats sell in the untrimmed department for \$4 or \$5 and a flower trim is not an expensive accessory.

BROTHER OF MEXIA PASTOR VISITS HERE

Rev. John B. Andrews, one of the general evangelists of the Methodist church, and brother of Rev. W. B. Andrews, is on a brief visit to Mexia. Dr. Andrews will conduct the prayer meeting at the First Methodist church this evening at 8:15. The members of the church are invited to attend and meet the brother of their pastor.

Couldn't Fool The Hi-Jackers

WACO, Texas, June, 18.—L. H. Kinchloe, truck farmer, has no more faith in "ideas." When he started to town with a load of garden truck he had \$50 which he decided would be safest from hi-jackers hidden in a bucket of butter.

WHO'S WHO BARBER SHOPS

We wish to announce to the public that we have acquired the room formerly occupied by Mrs. W. A. Everett, next door east of our shop, and are taking out the partition and making one big barber shop out of the two rooms.

We are putting in a special department for ladies and children under the supervision of Mr. George Scroggins, who has recently completed the prescribed courses for this department. In this separate department, ladies and children can secure their barber work with all the conveniences and privacy of a modern city barber shop.

Watch for Announcement as to Opening.
